

A black and white photograph of a war-torn city street. The foreground is filled with a large pile of rubble, including twisted metal and debris. In the background, several buildings are visible, some of which are heavily damaged or destroyed. The word "SIEGE" is printed in large, bold, sans-serif capital letters across the upper left portion of the image, partially obscuring the buildings.

SIEGE: Pocket Edition (a.k.a The Little Book of SIEGE)

Trying to remember how exactly I became aware of James Mason and SIEGE leaves me scratching my head, such is the rapid pace of developments these days – both in terms of individual awakening as well as global affairs. However, the effect of reading this book was nothing short of life-changing and has clarified a great many things for me, if not everything. This text is almost biblical in the sheer devotion of those who have found the answers they were looking for by reading it. This devotion is such that a website has been erected surrounding the SIEGE worldview at SiegeKultur.biz and despite constant attempts by the authorities to shut it down it still persists in being the only real channel available to one of the greatest minds of our time. The fact that he remains alive and free is a miracle and God knows they did try to shut him up, as his numerous encounters with the law and sojourns in prison will attest.

As the drums of war beat louder and faster every year since the election of Trump, the book of SIEGE becomes fundamental in separating those who will fight with us and those who won't. In essence, it is the dividing line. The popularity of National Socialism is now bigger than Hitler could have possibly imagined. Every attempt at censoring our dialogue on one network simply causes an even louder conversation to begin on an alternative network. Simultaneously, calls for the eradication of the White race are now more brazen and open than ever as the intellectual prostitutes in the mainstream media work overtime to convince the masses that a world without Whites is a better world.

With this violent narrative being broadcasted from the tops of our once great capitals in New York, London, Sydney and so forth, the attitude of the authorities and citizenry towards attacks on our people has become indifferent at best and celebrated at worst. All over Western Europe, particularly

England, Sweden and Germany, innocent people get arrested for trying to protect themselves and their families from non-whites, or for even speaking out about these injustices. Is it any surprise that we see the most White nationalist activity in those countries? Things have to get a lot worse before they get better.

The coloured hordes have become unbelievably arrogant as they start to realise that they can literally get away with murder. Hell, they can even film their crimes on the smartphones we invented for them and post it online without one finger lifted by the authorities to try and punish the perpetrators. In effect, it is open season on hunting Whites and there ain't nothing we can do about it except shut up and keep working to feed, clothe and house these invaders. Not so long ago we had men who would send these animals running back to their caves in sheer terror. Sadly we grew soft and lazy under the comfort and decadence provided by the economic prosperity of the last few decades.

To say the situation looks bad is a gross understatement – it's positively terrifying. The collapse of every great White civilization was always followed by an exodus of sorts where plenty of us managed to get out and start afresh somewhere new. Well we've got nowhere left to run now, our backs are against the wall. The only option is to turn and fight. It will be the toughest fight our people have ever endured. The tentacles of the System are so firmly entrenched that there is really no option but anarchy, or "Total Drop-Out" as Mason frequently advocates. This monstrous global economy is the only thing that somehow binds this gigantic mess together, but that gravy train is rapidly drying up. My generation are the first in a long time that are financially worse off than our parents.

To make matters worse, full-blooded Aryans are increasingly few and far between – spread out like White islands in an ocean of mud. If you're lucky enough to be in a position to stock up on weapons and supplies for

the coming collapse then you may have a better chance than most, but don't kid yourself that being a "prepper" is any guarantee of your survival. Mason emphasised the need to be agile and adaptable like a guerilla, rather than a sitting duck with giant neon signs blaring "Look at me! I've got loads of stuff you can rob me off!"

Thankfully we still have some years before the cracks will really begin to show (oh yes, what you see now is just a sample.) Meanwhile, our hardworking propagandists are tirelessly producing ever more provocative and inspiring material for our troops. Every time the media steps up it's anti-White barrage they drive more potential recruits into our ranks and further widen the gap between "us" and "them." While we need to educate and radicalise as many Whites as we can and as quickly as we can through mediums that are most popular among today's youth (i.e. memes and video), the fact remains that one man best synthesised the modern National Socialist struggle back in the nineteen eighties. His name is James Mason and the book is called SIEGE. I have taken his writings and distilled it down once more to what I think are the most essential quotes and excerpts. While still more than a hundred pages long I challenge anyone to try to contain our creed in fewer pages. Read it, distribute it... heaven forbid even print it out and give it to someone "IRL." Whatever you do, never deny the gravity of the situation and the need for radical revolutionary thinking. Your job, your friends, your possessions – none of them will mean a thing when the "boogaloo" kicks off. As Hitler said, "the most precious possession you have in the world is your own people." So start looking for them.

- Jamie Cripps

*Please note that SIEGE is almost forty years old and since then Mason has altered his views slightly on several topics as new revelations have come to light and in keeping with the times. Visit SiegeKultur.biz to keep up to date.

"The true guerrilla is never beaten. He will never negotiate away his freedom. He will never compromise his ideals. He will never surrender.

"History offers many examples of far larger and better equipped armies that were finally defeated by guerrillas. They can fight on for years, even generations. Guerrilla bands can fight in the cities, country, forests, swamps, deserts or mountains. They are everywhere and yet nowhere. They strike without warning and vanish without a trace. They take away with them the arms, food and ammunition they will need to fight again another day.

"The guerrilla is a grim fighter and a terrible foe.

"His strength is in his heart - in his love for his Race - in his hatred for the enemy."

-Anonymous

"...a unit can either fight a real enemy, or it must lose. And again, a unit not fighting a real enemy is in the service of another power - there is no middle ground. If a unit is not fighting for itself, it is fighting against itself."

-Francis Parker Yockey

"The lost man, who has no belongings, no outside interests, no personal ties of any sort - not even a name. Possessed of but one thought, interest and passion - the revolution. A man who has broken with Society, broken with its laws and conventions. He must despise the opinions of others, and be prepared for death and torture at any time. Hard towards himself, he must be hard to others, and in his heart there must be no place for love, friendship, gratitude or even honor."

-Mikhail Bakunin

"He who wants to live must fight, therefore he who does not want to live in this world of eternal struggle does not deserve to be alive."

-Adolf Hitler

-Joseph Goebbels

"There is no justice in bureaucracy for the individual, for bureaucracy caters only to itself. One cannot practice the same bureaucracy as one is fighting against."

- Leon Trotsky

"A great revolution requires a great party and many first-rate cadres to guide it... it is impossible to carry through our great revolution, which is unprecedented in history, if the leadership consists of a small, narrow group and if the Party leaders and cadres are petty-minded, short sighted and incompetent."

- Mao Tse-Tung

"All you fakers are in for it. I begged you on my knees and you didn't listen and now I can't hear you."

- Charles Manson

"...in your living room, you're scared shitless. And that's just where the power structure wants you. In the middle of a riot, I've never found anybody who's chickenshit. The way to eliminate fear is to do what you're most afraid of."

is the most decisive negation of human liberty and necessarily ends in the
enslavement of mankind both in theory and practice.

the matter but bravely renounce his liberty and humanity."

-Mikhail Bakunin

"I know that some man capable of giving our problems a final solution
must appear. And that is why I have set myself to do the preparatory work,
only the most urgent preparatory work, for I know that I am myself not the
one. And I know also what is missing in me (to be the one). But the other

one still remains aloof, and nobody comes forward, and there is no more time to be lost."

- Adolf Hitler, as quoted by Hans Grimm, 1928

"The man they have most reviled stands closest to us, and the man they hate worst is our best friend."

- Adolf Hitler

- George Lincoln Rockwell

"Leadership in the struggle has to do with making things happen. Leadership is the people who are doing it, cutting through diversionary debate, smashing forms and familiarities that hold us back, and through developing and acting on a clear line of how we move to win, redefining the context, content, and meaning of the National Socialist Movement and the Revolution. That's what we call SEIZING THE TIME!"

- Joseph Tommasi

"Our greatest weakness is our belief in our own weakness. We have to communicate to all National Socialist Revolutionaries our strength, and to show them our strength we have to show them the strength of fighting. We must build confidence within the entire Movement before we can hope to help people and lead those people in revolution."

- Joseph Tommasi

"Do not handicap yourselves with the idea of revenge, because the trend of events will avenge the wrongs that you suffer, not only in the case

of the individuals who initiated the persecutions, but also of the society that has permitted this lawlessness."

- Vidkun Quisling, 1945

"To get yourself together you need not to even think there is anyone else in this world. I don't need to look down on, or get off on, or get over on. The hardest thing to overcome is our own lies, confusion and our jealousy!"

- Charles Manson

"Open up the dope valves and let the people take all the dope they want.

Let 'em dope themselves on out till there's nothing left of it.

Let the people do what they want to do.

Take the rules and regulations off of it and then what you have left is the people that want to live.

The people that want to die, let 'em go. The people that want to destroy themselves, let them go ahead and destroy themselves."

- Charles Manson, 1984

Preface to the Third Edition, Published 2017

Originally SIEGE was written just at a time when a number of us felt that the "mass" idea had become an obvious failure. To spark a revolution while numbers were still on our side seemed to be the only way to go. The sparks were lit and the names and identities of many of those who stepped up heroically to do this were and are given in SIEGE. The Eighties and Nineties were very violent decades. There was much sacrifice. But, for whatever reasons - and I am not one for offering excuses - it didn't happen.

Perhaps the biggest lesson to be learned is that all things will take place in their own time... All that is now called upon ourselves to do is simply walk it on out in faith.

Introduction

Society has deteriorated to the point where it is crass idiocy to imagine that anything can be salvaged or gradually reformed by following traditional avenues of electioneering or encoded law...

If you are determined to unleash iron justice or make a valiant sacrifice with your life, then do so with finesse and style. Moreover, select prudent targets that count! Aim for the most menacing, and influential pigs; then dispatch them with methodical viciousness. Act alone or in small numbers. Remember, the soft underbelly of this whole monstrous setup is the volatile economy that fuels it...

The remnant White population is now so enslaved by debt, avarice, and ostensible affluence that most have unwittingly been rendered quite complacent in form and deed...

This current epoch of dystopia is a natural process entirely structured in accord with cyclical history. This present Ragnarök/Apocalypse/Kali Yuga time frame is pre-ordained, set to burst forth cataclysm that will advertently necessitate a healthful catharsis of all undesirable elements. From chaos comes rebirth and order...

The secret to fomenting implosion is to route the System's own nefarious momentum against itself, and reflect every bombardment of nihilism back to the instigative source to stoke frenzy, and reap greater sabotage. In short, championing the System to OVERDOSE on its own virulent poison! When this transpires en masse, most will die along with the System. More poignant still, most already have expired, and represent the very antithesis of life: living cadavers. A fitting coup-de-grace and burial are long overdue.

Previously dug graves beckon. What remains a preponderant complexity is just when optimal dirt-shoveling occurs...

There's not enough Jews to run this circus show called the United States Government, there has to be massive white sell-outs. A good example is that of all those eligible to vote, less than half do. That's pretty telling. They're tired. They get the idea the whole thing is a shell game, that it's heads, they win - tails, you lose. They're apathetic. However it hasn't been carried all the way, because they still work their 40 hour-a-week jobs, pay the taxes, and obey laws. I guess they just pay lip service to the System hoping things will someday improve. You may still have segments in the Movement that will be so idiotic as to say 'write your congressman,' or, 'go support so-and-so's grassroots campaign.' They're not in touch with reality. What they're doing is... giving their life to the dead vampire. The vampire couldn't survive without their blood. If these people could ever say this is garbage, all fake, all smoke and mirrors, and not participate - it wouldn't take that much to bring this affair crumbling down. But they're drones. Zombies... When the television finally goes off, half will go immediately insane. The other half will just sit there waiting for the television to come back on.

2.2

They're not going to let us do it. It means that we're going to have to do it in spite of them. Over their dead bodies.

2.9

We of the NSLF are a revolutionary party by compulsion. We are the first to realize that no popular revolt can be contemplated at this time as the only thing "popular" at the moment is further pleasure and more

diversion among the quivering masses. The society is a shambles and the economy slips more every day but most would and will be surprised to learn just how much further it can deteriorate before the situation can be termed critical...

They are the Establishment; we are the Revolution. These are the rules, of their choosing, not ours. But they are the reality of a situation as harsh as it is immutable. It is war. Only a fool and a weakling would ask for it to be otherwise...

It's hard for any comparatively young person to appreciate how far we've sunk and to know from that just what we've lost, and what must be recaptured and through National Socialist discipline and idealism enhanced and reinforced, super-charged to become something greater than has ever been seen on earth. Even Hitler did not face a task such as we face...

The notion of even attempting or remotely desiring to become a part of the unspeakably vile and sick Establishment and System is utterly revolting to any true National Socialist. Our enemies are VILE and only appear "legitimate" because of the power that comes with money. We state here and now that we shall SMASH THEM and, furthermore, that they are HELPLESS TO PREVENT IT! The road may be long and rocky but the moment will arrive and both our will and our striking blows shall be irresistible.

2.11

The situation which prevails on planet earth is a damned insult and disgrace to a Creator or to Creation itself. This crazy and rotten mess cries out to be ruthlessly corrected and the only way to prove that you are not part of the problem is to become part of the solution...

To bring off a revolution means literally to turn the tables upside-down. It does not mean quibbling inches and degrees; turning back the

hands of time; arguing two sides of the same coin. It doesn't mean patching up a rotten, sagging framework either. It means DEATH to the old order and the BIRTH of the New Order! Anything other than this is no more than a variation on a single theme: Jewish-controlled State Capitalism.

2.12

If we could really admit that the Enemy has WON... The only reason we still have a fighting chance is because the Enemy has not yet had the time to fully realize the keystone tenet of his program and philosophy: the complete bastardization of all races of man into a single, brown mass, devoid of all identity. Except for a mere time factor the Jewish Enemy has won totally and outright. It's no longer a contest in the United States ; it's a matter of REVOLUTION, a struggle to overthrow the Enemy and for survival as a race. We stand at rock bottom and if you seek the reason then look no further than those fools trudging along in the ways of the dead past...

2.13

For the Movement over the past twenty years there has always been the option of take it or leave it. If you got mad or discouraged you could always pickup your marbles and go home. Indeed this has been the case for all White America. When given a choice, human nature inevitably takes the course of least resistance. The diabolic nature of the Big Brother System in power today may be largely responsible for breeding a race of docile "consumers" who roll over like a spaniel when kicked and otherwise outraged, but for us that is no reason, no excuse, for revolutionary inaction. It CAN be done!...

If, as Rockwell said, your uniform in the coming war is the color of your skin, then what, I ask, shall be your insignia of rank? We must view

and realize that ALL OF WHITE AMERICA is our army. The leaders, the officers in this army, are those who take action and who strike like lightning. We are the cause, they are the effect.

2.14

There is no need of revolution in a healthy State and society and indeed there can be no talk of it. Each revolution has been preceded by the SELLING OUT of the existing ruling class. And who else but they are in charge of all the building blocks of a civilization's government, church, professions, military, arts, etc.? These things all go when the ruling, or upper class sells out and becomes decadent, unfit to rule any longer. This goes way beyond the removal of Jews - it amounts to total revolution. The Jews can't be credited for all this though they are a large part of it.

The Jew remains a Jew but without a corrupt, inept, and decadent ruling establishment, he has nowhere to peddle his goods. A healthy state will expel - or kill - the Jew; a decadent one will take him to its bosom. The Jew corrupts the nation. He buys his way into opinion-forming and taste-making media, feeds the gullible masses his poisonous, liberal garbage; this in turn gets sounded back onto gutless opportunistic politicians in the "democratic process"; finally the very fabric of the nation is a tangle of perverted legislated Talmudic euphemisms. This is how an originally Puritan state becomes Sodom inside fifty years.

Neither the victims nor the leftovers, we are an historic breed: Revolutionaries. We appear and vanish as the times demand, just long enough to do the job at hand. After us comes the slow, historic process over again.

The mark of a revolutionary movement can only be seen in its complete separation from the current establishment. It is completely apart. It is not apart because it can't make the grade in the sick society, but rather

because it can't stomach it and refuses to be part of it. It is set apart because it is disciplined, sober and austere, truly moral. It is a revolution because - finding itself faced with an absolute abomination - it has as its highest priority the destruction of the System and therefore is not some piddling conservative sideshow crusade. It can and does reject the prevailing decadence of the sick society, not because of any leftover code of taboos but because to dissipate oneself in such a manner is counter-revolutionary. It utterly scorns such phony "revolutionary" elements as the "hippie" or "drug culture" because it knows them to be only the more virulent forms of the same cancer as the System itself. It has historically been the task of each revolution to destroy that which is unclean. That accomplished, nature and man can once again assume their proper course upward.

2.15

There is nothing outside Revolutionary National Socialism to which we can owe any loyalty. What we do, we do because it is the right, proper and manly course of action to take. We are in defense of nothing. We are everywhere on the attack. When we cease attacking it will only be because the System has fallen and all its former members have been killed. At that point, we will be the State and the time will be for building. No individual, no manifesto, no abstract concept of any kind can we allow to influence our thinking or our actions. We find ourselves in the midst of a monster and circumstances dictate to us that our every move must be calculated toward killing the beast. No frills, no fanfare, no frivolities. Only practicalities, realities and necessities...

We can trashcan any fantasies about the course of events in this country following the course they did in Germany. Hitler could justifiably conjure up slogans of duty to Germany because the Germany he spoke of was still intact and the people were with him. The United States is GONE

and that statement by itself means that the people inhabiting this piece of real estate are the very "goyim" that the Jews claim they are. And a "goy" can never be a National Socialist. To us they are merely the unconscious, unwitting, and unwilling carriers of the genes that can, under the proper care and leadership, re-achieve greatness and pull this planet out of its quicksand.

So much for "loyalty" to them! It has got to be loyalty only to ourselves or else the rest may as well never have existed in the first place. NSLF is the name under which those who are answering the call of their blood are doing so in the only manner in which victory has ever been achieved: armed struggle! That is who we are, why we are, and where we came from.

2.16

If you view yourself as among the last of a dying breed and then proceed to act accordingly, then that's exactly what you've become! If you view the fact that you're broke on account of having "little or no faith in capitalism", and yet believe that it is worth infinitely more to be a noble revolutionary being than to exist as a "consumer", then that is your sterling badge of honor. If you seek to defend a capitalist system and still find yourself broke and struggling, that is the mark of a fool. If you seek to take refuge from an encroaching System, then you are like a fox on the run. If you are determined instead to place the System under siege, then you have become truly revolutionary...

The dawn of day will break through the moment their foul money system either collapses under its own rotten weight or is blown to pieces by us. When they can't pay off their minions any longer, when they can't appease the hordes of savages in their cities - that's when we, who have endured their worst while being penniless, will become the immediate new

masters because in the meantime we have grown incredibly tough and resourceful!...

Let us instead fully enjoin the concept of the One-Man Army and bring the struggle to the Enemy. Wherever you may be at this moment, let the revolution be there also. Spread a little revolution wherever you go! Never gripe about the System; project the Revolution! Get the people around you thinking in terms of TOTALITY, and not in terms of inches and degrees. Point out the real Enemy and not just the noisy, obnoxious symptoms - tell everyone it is the System itself that must go!

2.17

Go to activities designed and intended to HURT THE ENEMY... for these activities, two participants are one too many. Also it is a ridiculous risk and waste to mess with the material body of the Enemy, as he has all our tax money to mend himself, just as a lizard will grow a new limb. The PHYSICAL BODY of the Enemy however is so utterly flabby that he positively CAN'T STAND very much of an intensified assault of this kind...

Stop hitting the Enemy where he laughs and start hitting him where he SCREAMS!

Strike hard and strike deep to build the climate for revolution where even the most craven of White cowards will be COMPELLED to join in or else die! But, for God's sake, stop wasting yourselves and your efforts and making the rest of us look like damned idiots!

2.21

The human stock in America today comes closer to what the Germans of the Thirties and Forties referred to as untermensch. Take a look at the

armies of mouth-breathing knuckle-draggers on these streets and realize that they are what pass as "White"...

Lenin said that you can't make an omelet without breaking eggs. And one Black saying of the Sixties was that you have to use what you've got in order to get what you need (or want). Trotsky said that, as revolutionaries, our only compulsion is circumstances (not wishful thinking)! It means that we have to do what we have to do and by any means necessary.

Lenin, Trotsky, and the swarming army of Blacks in the Sixties are the farthest cry from what we believe in BUT THEY HAVE BEEN INFINITELY MORE SUCCESSFUL THAN WE in getting what they are after! That is very simply because they accepted the truth that the end does after all justify the means...

2.22

There has never before existed a more CONTROLLED environment than the one in which we exist today. Things don't just "happen" anymore. If they don't come off Big Brother's drawing board, then they're not "sanctioned" and most of the time don't take place at all or, if they do, they're of a nature hardly worthy of note. Big Brother is in CONTROL. This plus the fact that the population DOESN'T GIVE A DAMN. Things are slipping constantly, gradually, but no significant upsets are being allowed that might either alarm the populace or provide the revolutionists an opening to take advantage of. I don't expect it to change unless SOMEONE CHANGES IT!...

Commander Rockwell said that the purpose of life was to struggle as hard as you can for what you believe in and to enjoy the fight. You cannot fight to your fullest potential for what you believe in while being a full-time slave helping to bolster the Pig economy. And you certainly can't enjoy your fight existing under unrelenting social and economic pressure. The herds and armies of zombie-ized clones out there cannot or will not see that there IS

an alternative. The revolutionary will ALWAYS find or make his own alternative. It is being done. And in this lies not only the definition of short term victory but the PROMISE of ultimate victory one day. We will LIVE. We will out-live the System. And, should we individually not make it all the way, then we will not have been cheated for we will have had our share.

2.23

Be reminded: the bastards WON'T QUIT! You must – if you ever run seriously afoul of the System to where they can lay a legalistic finger on you - either disappear totally or confront them totally. No use playing...

2.24

I cannot urge strongly enough: stay out of [the Pigs] way; deprive them completely of any excuse to come after you. This does not mean stay legal. It means stay sane and rational. And stay alive and at full liberty, because dead or locked up you're no good to yourself or the revolution. Let the revolutionary mobs - over whom we have no control and who would also kill us - take the brunt of the first, strongest System counter-attacks, and let these same numberless mobs in the cities chew the hell out of the System's hired elite. It couldn't happen to a sweeter bunch.

There'll probably be more than one revolution, back-to-back. The Reds and the Blacks, because this is what they've preached and prepared for all along, can be expected to lead the way. In the opening days and weeks of this phase, we can watch how the System is going to react, and how well it reacts. For us to attempt the same thing in the middle of an atmosphere of order would be outright suicide. Once there exists an air of disorder, the cards will be more in our favor. And we'll be dealing in the smaller cities and towns, the countryside, where it might be possible to take things without

the massive death and destruction that will occur in the major cities. Ultimatums, backed up by very real force, handed to local governments once they've learned what happens to their big city brethren, might just work wonders.

Only after the System is BROKEN and DISCREDITED will there come a hope of mobilizing the masses of Whites to tackle the job of winning what will soon enough assume the characteristics of a civil war. Until then, for the present, give the Pigs nothing to do regarding ourselves but sit and get edgy. Once the shooting starts, keep out of the way of the mobs because they only perceive us as friends and allies of the Capitalists and the System. In the opening phases of any revolution, if the Red mobs don't get you, the Pigs will. Let them instead kill one another. Developments will progress rapidly once all central power is gone and people realize they have nothing to lose anymore.

2.25

Who is a terrorist? When considering the hundreds of thousands of elderly Whites who are frightened to death inside and outside their homes on an unending basis because the System coddles and protects the criminal element officially, is that not terrorism? Brainwash and taste-making aside, when any individual knows clearly in his or her own mind that to buck the Jewish-liberal inspired consensus on everything from race to sex habits will lead to public ostracism and loss of employment, if not outright legal prosecution, is that not terrorism? Kids brutalized and intimidated on a daily basis, year in and year out, because of savages they are forced into school buildings with because of government policy - is that not terrorism? Millions of White workers struggling against losing odds with taxes and inflation, facing loss of homes and all forms of security, oftentimes wondering where food is going to come from or where the winter heat will come from because

of the official Jewish-Capitalist economy and the Mafia-style Internal Revenue Service - is this not terrorism? Yes, it most definitely IS terrorism and on a monumental scale! Worse than that, it is terrorism without the guts to present itself as such.

But just as Adolf Hitler pointed out regarding the Jewish use of the "Big Lie" technique, if you do it big enough, no one will recognize it for what it actually is. A case of the kettle calling the pot black. Because it is the System which owns and controls the media, none of the above-outlined horrors are described as what they in reality are. But let one individual or a small group of individuals dare to strike back! That, to the controlled media and softened brains of the masses, is terrorism! That gets the dirty name because it is small-scale and direct. It is a game and the game is a farce! We can expect no better from them but we must get it straight in our own minds if this struggle is to succeed.

Most of this country's Founding Fathers believed that the rights of the White Men who built the country would be guaranteed by the "petition" and "redress" clauses written into the Constitution. But other men, like Thomas Jefferson, didn't think so. Neither did Benjamin Franklin who accurately predicted just what shape this country would be in by the time of its Bi-Centennial with the Jews in the counting houses and the Whites toiling away like slaves. And with a sold-out government flying directly in the faces of the interests and the will of the majority, it is tyranny which rules this land today and nothing more or less. It is an alien tyranny and a Big Brother "1984"-style tyranny because we don't even enjoy the dubious pleasure of knowing or being able to SEE our tyrant. But one thing is known: he is not White. It is a tyranny hiding under a cloak of "democracy", a clever disguise which prevents any blame from being placed on and which allows the monster to perpetuate itself through chicanery referred to as the "two-party system". It is true that the removal of one or a dozen goyish

front men will not alter or remedy the situation. Only a TOTAL REVOLUTION can change it. But there must be a beginning, that first step in the thousand-mile journey. And the first steps are always the hardest...

As Hitler said, unless one picks up the daily Jewish press and sees himself slandered and vilified therein, he simply had wasted the previous day. Comrades you must expect that the System will attack but, when it does, for God's sake, let it be FOR SOMETHING!!!!...

Terrorism is a two-way street for, as Hitler stated, the only answer to terrorism is stronger terrorism. We do face a naked tyranny here in the United States and it is employing terrorism to, first, wipe out the Whites as a majority force and, ultimately, to wipe them out as a race altogether. The System knows and we know that we are left no choice whatsoever. It is fight or die. We then are out to LIBERATE a nation from alien tyranny. It won't be easy. When lightning is striking, blows are falling, history is turning and the stupid ones are groaning, "Oh, isn't this violence awful?!", we say: "To HELL with such lily-livers! They haven't seen anything yet."

2.29

The current deadlock must be broken at all cost. It is frighteningly obvious that nothing positive can be expected to happen with the way things are now. Therefore a different atmosphere must be created in which some kind of positive change can be effected. Again, the "normal" person might say that there is already enough disorder, enough hell and chaos going on right now without adding more. What they don't see is that we have in this country is an "ordered disorder" which was made-to-order by, and for. Big Brother. Don't you believe they could stop crime, subversion, and anarchy if they really wanted to?

All the hell and disorder of the past, and the general crime wave today is the greatest help to Big Brother, his System and his Establishment.

The Black riots gave the insurance companies carte blanche to remove the gloves and start extorting small businessmen and all the rest of us. The "limited anarchy" and the "limited insurrection" of the Blacks and the Reds just gives Big Brother more alibi to tighten the lid of the Electronic Surveillance Society, to stampede legislation to disarm the populace. All the runaway non-White crime merely gives cover and justification for the erection of a police state, the reins of power firmly in the hands of the Jews. They don't want it stamped out; they need it for the completion of their plans.

What they fear most is total disorder which they can't control. That which they can't monitor or control doesn't serve their interests. It's been said that we don't want to rock the boat, we want to sink it,' When we succeed in blowing the bottom right out, we're going to have to hurry topside, over the rail, and swim for life, leaving the rats to drown with the ship.

2.30

All evil springs from the System; the System will never correct itself; it will never permit anyone or anything to correct it; it will never tolerate or allow the development of any true, alternate system to compete legally against it; nothing of a positive or partial nature can be accomplished while the System stands; those who embark upon a course which runs contrary to that which the System has determined must understand that they embark on a life and death struggle. It is the one duty and one goal of the revolutionary to struggle for the death of the System...

In the old revolutionary axiom, "Educate, Agitate, and Organize", the term "education" is basic... the kind of information which provides years of revolutionary experience in a week or a month, without the necessity of having to live it over painful, dangerous, useless decades such as we have had to endure. To impart knowledge and expertise to our next wave, our

next generation, in precisely the same manner and for precisely the same reasons as our former "institutes of higher learning" used to teach their students: to build upon a solid foundation, to increase the chances of and to hasten ever-greater achievements. It is a science, not a diversion or a money-making racket...

You are not out to sell a product, a gimmick, or a certain approach. You are not out to re-fight the Civil or the Second World War. You are not out to blow minds. Neither are you out to idly grumble or complain. You are out to CLARIFY, to POLARIZE, and to INTENSIFY that which faces all of us, everyday. And it is to be directed, in every case, against the System itself, the ultimate culprit...

You do not "agitate" by placing yourself in the center of brawls. Lesser still by aiding the System in making people despise you. You do it anonymously, by making people know and hate the System...

To truly organize effectively means having someplace to hide on the other side of the country, anytime, for any reason. It means secrets being kept. It means material help when it is needed. It means a unified line and a unified response in the face of crises. It means respect and cooperation. It means loyalty. It means to multiply ourselves in a coordinated way to give the effect of a giant, a unit.

Organization - as opposed to "organizations" - does not give the effect of a lot of "duplicates" ignoring each other and getting into each other's way. It means to effect hands and feet, arms and legs, eyes and ears everywhere, simultaneously. Acting in one common cause and one common interest, in iron discipline, ultimately to lead to one organism with a common intelligence, instinct, voice, and, above all, a common WILL.

2.31

The term conspiracy is not now, and never has been, part of my vocabulary. It is DANGEROUS! I should say UNNECESSARILY DANGEROUS! For conspiracy means TALK and talk is counter-revolutionary. Talk is what the System and its pimps LOVE most of all. In case you didn't know it already, you can do big. Federal time for merely "conspiring" to do something. You need not take any action, only TALK about it to a circle of three or more (including yourself), and THAT constitutes conspiracy...

Don't conspire; don't talk! In effect it's only illegal to get caught, only illegal to trip up. You don't NEED to ever enter into a conspiracy! You don't NEED to ever deal with persons who might later let loose with fatal talk! We must have acts of revolution, the sooner the better, the more the merrier. But these are all of a nature that they can and MUST be carried out by INDIVIDUALS and that removes all requirement for talk, the possibility of "conspiracy", and the danger of a leak! The lone wolf cannot be detected, cannot be prevented, and seldom can be traced.

For his choice of targets he needs little more than the daily newspaper for suggestions and tips galore.

2.32

On the way back into the Polish-occupied German territory at the outset of World War Two, Adolf Hitler told his troops, "Close your hearts to pity"... It is part of the White Man's makeup to forget, to know pity... it is found in no other race. And this trait has cost us plenty over the centuries because we have let so many enemies get away...

As we all too painfully know, THAT was the prime reason for the loss of World War Two... the British Army at Dunkirk would have been annihilated; every Jew in Europe WOULD have been killed; and idealism

would not have been so high as to prevent the immediate use of millions of Russians and Ukrainians in the fight against Marxist-Leninism. But in a lot of respects, those German soldiers crashing their way back into their lost provinces had it a lot easier than we shall in closing our hearts to pity, for when an enemy is shooting at you, the instinct is to shoot back. And in the case of a war between European States, once the issue was settled on the field of honor, life could go on as before... not so at all for the United States in the civil war that is coming up...

War is war and it is something highly impersonal. But White renegades, be they government officials or plain bleeding hearts, are another matter. We must swear an oath to ourselves now - while we're down, while things are tough, while the Enemy is in full power, while the vile race-mixers daily promenade openly in public protected by this evil System, now while it is easy to HATE - that for the United States there will be no need for concentration camps of any kind, for not a single transgressor will survive long enough to make it to that kind of haven.

2.33

This year it was reported in the System's media that 1980 saw no fewer than nine major riots in large U.S. cities. But during 1980 I recall only one riot - Miami reported as such by the media. Sometimes it's difficult to tell exactly how far along things actually are at any given moment because of the controlled media. Big Brother will never allow Dan Rather to report that he is hanging on the ropes by his eyelids...The balance the System maintains today is incredibly delicate and highly vulnerable to attack by just individuals. It isn't a case of kill or be killed, instead it is a matter of killing in preference to allowing Death to win by default...

The weakening of society, the increase in the number of those fighting for their life who step outside Master's rules...will increase until the current

balance becomes absolutely untenable. That's when all bets will be canceled, the gloves will come off, and Helter Skelter will commence.

Those already dead in the Jew's money, and especially those now exercising power through the Jew's money, will fall like flies when, first, the System can no longer maintain artificially - as it now does - the hellish, unnatural life-support of the megalopolis which contain the bulk of the genetic morass and the clonish, zombie-like lost "Whites", and, second, with the money-weapon having evaporated into thin air from their hands, the sold-out politicians and pigs become fair game for a population bent on bloodglut.

Those who own the show today will go to their reward wondering why and how this could happen to them, how the tables could have turned so fast. The beginning is HERE and few recognize it. The end will be even more unexpected.

2.39

Paranoia is an insidious thing and must rank as one of the top two or three causes for the complete failure of racist organization. Paranoia is most often thought of as seeing things which aren't there (infiltrators, "Jews", etc.), but it has one residual effect of NOT SEEING things which really are there...

Agents do exist and if you stay at this long enough, active enough, you will run into your share of them. But regardless who you are and what role you may play in the Movement, if your name so much as appears on a mailing list, then you too are part of this "blanket surveillance" which extends over all the rest of us...

You must assume that you are being watched and listened to at all times and proceed to act accordingly because, in effect, you ARE! The degree and intensity of this surveillance rises or falls hand-in-hand with the degree of revolutionary political activity you maintain...

If only you discipline yourself and rid your mind of deadly PARANOIA which, far from "protecting" you from Big Brother's agents, actually does about eighty percent of their work FOR them!

2.40

What would you do this minute if you were made aware that an arrest might be imminent? Not the kind of arrest that could be seen as the System vs. the Movement, but merely as the police against you. Would you, could you, leave your home, your family, immediately? Do you have dependable transportation readily available? Do you have safe accommodations nearby which you can depend on without notice? Do you have safe accommodations out of state which are likewise dependable without advance notice? How about out of the country if necessary. Do you have lines of communication back home which can act as your eyes and ears in your absence? Do you know which foreign governments - and how to approach them - might offer aid and sanctuary should you have to depart permanently? Could you and would you go if you had to? Or would you be caught flat-footed, paralyzed by terror and indecision, without instant recourse?

If your answer to any one of these questions, except the last one, is "no" then I suggest that you take steps to correct the situation while you still can. Your liberty may depend on it. Forget a glorified, dramatized guerrilla war in which hundreds or thousands are involved. In more or less "normal" times, could you, on a one-to-one basis, evade the damned police if you had to? Just pick up and go on a few, precious moments' notice?? If not, you're living under a deadly disadvantage and possibly fatal handicap...

2.42

Survivalism for the realist can be bound up in only a few very basic, commonsense principles. First, remove yourself from what I call the "Death Zones" which are simply the metropolitan areas of the country. In these places not only is Big Brother's grip the tightest, but the lowest-common-denominator genetic miasma has you badly outnumbered. The air and water are going fast, many of the so-called "Whites" still there are totally gone to degeneracy, and life itself is already abnormal, a mutation of what it once was. There is no hope for these places whatsoever, under any circumstances, so get the hell out now while the getting is still good. Second, get located in an area where self-support can be possible. An area where you can successfully survive - and survive WHITE - as a separate region in the event of a complete national breakdown and protracted chaos. Let the cities go to HELL, right where they came from! If the Russians don't get 'em and if crime, famine, and disease don't get 'em, then WE'LL have to later on. Third, on an individual level, you must have all set-up and ready-to-go independent sources of water, food, and heat. At the same time you must have weapons and sufficient stores of ammunition with which to defend yourself. All of the above is basic essential. None of it is wild or exotic.

The above is simply a way to live, a habit to get into. At the same time it doesn't interfere with one's daily business or daily living. It doesn't make you "weird". But you'd be amazed at the number of those who fall flat in all three of these categories. They are not going to survive. More than what I've outlined is optional. For example, some advanced essentials would have to include medical supplies and independent communication sources. The actual organizing of neighbors into tight-knit communities and defense units is a tough one to accomplish...

2.43

Our agenda at present then, as indicated by the prevailing conditions, would include: focusing all our concentration on the ideological swing from reaction all the way over to total revolution. In other words, effecting a revolution within our existing Movement first; learning rapidly to live outside of the economy and live off of the System in order to help hasten its demise and to insure our own survival - whether there remains a month or twenty years left to this state of affairs; getting away from metropolitan areas and quickly establishing solid, independent enclaves for ourselves and our families; practicing both the subtle and overt undermining of naive faith in the existing government or System on the part of the people around us, not as "radicals" but as friends and leaders for the future; and having prudent stocks of weapons and sufficient stores of ammunition. Going "overboard" in quantities or in grossly exotic and illegal weaponry is a serious blunder. Concentrate on safe refuge and let all words and actions go toward undermining the System and toward strengthening the Revolution.

In the future, at any time, the best friends of a revolution in this country will be any worsening or collapse of the economy along with any large-scale disaster, disruption, or upheaval from any source. We want, first, for the System to "crap out" before one and all so that the evil Jinni, the illusion that's been holding it together for these past decades, will be once and for all dispelled. We want its pimps to be deprived of their entire purpose, their entire excuse for living (as well as their protection) - which depends completely on this economy's survival. And we especially want to see the System and its hired hoods under attack by the identical forces they created and unleashed upon our segment of the population as part of their "master plan" of control. We want to see the System's strength and structure largely destroyed, initially by forces independent of our own. Only at that time will we be able to begin undertaking bold and sweeping actions toward

assuming open control for ourselves. By that time, and it could come much sooner than anyone expects, we will absolutely need to have a strong and well-functioning revolutionary organization already operational and with a full spectrum of direct experience under its belt. It is in this area and nowhere else that the breakthrough must be made. The area of revolutionary organization. Without it, the revolution must go to someone else who DOES possess the strength of discipline and the will necessary to move and achieve it.

First and last, the responsibility is entirely ours.

2.44

Not long ago I took a close look at the way the Movement has been in the habit of doing things, everything, from the lowliest task to the most critical one, and discovered that they tended to do it in a "bass ackwards" way every time...

One of the areas is that of the overtly illegal, violent attacks against the System. "Hit and run", so to speak. Wouldn't it make better sense to turn that concept around to "run and hit"? It only means that you should first drop out of sight, go underground, and stay that way for however long is required for you to learn to exist comfortably at it. At that point you can go ahead and do - and probably get away with - any damned thing you'd choose to pull.

Striking in hot passion and then running blindly is no more than glorified suicide.

2.46

Our revolution will depend on someone or something else kicking events off the edge and into general chaos so as to loosen up some elbow room for

the rest of us. It could be the Blacks, it could be anything from a sudden depression to an earthquake. Just anything to get the Pigs of the Big Brother System tied down and off balance. But just as we can't expect to accept the full brunt of a System counterattack starting things off by ourselves, neither can we expect, as avowed revolutionaries, to be left alone by the System once somebody else has started the ball rolling...

Three contingencies we can look for will be the following: (a) once major and widespread revolutionary violence starts - no matter from what quarter - the System can be expected to detain all known revolutionists as a matter of precaution; (b) once the economy starts to fall rapidly, the System can be expected to begin mass foreclosures and confiscations while it feels it still can; (c) just like what's predicted to happen when the sun itself is about to burn out, the System, when it senses its time is about up, can be expected to begin taking a great many extraordinary steps and, in general to really begin over-stepping its bounds as they are vaguely defined today. Or hadn't you thought of any of this?

3.1

Just as the Aryan Race is the highest order of being yet produced by nature on this planet, so too is National Socialism the highest, most sophisticated, and advanced creed yet formulated by the White Man for his own betterment. Nothing more than that today exists, nothing more is required. It represents all of our needs.

3.2

National Socialist Germany went down in a blaze of glory and it will forever be remembered that way. All of the other nations of the West - those that "won" the war - have died or are now dying slow, painful, lingering

deaths as they are infected and eaten alive by liberal democracy and Jews. When one thinks of a German, one envisions a helmeted, goose-stepping Stormtrooper. When one thinks of an American, a Briton, or a Frenchman he sees only a degenerated, "beat", potblowing slob, one indistinguishable from the other. They don't know that forty years ago every American, Englishman, or Frenchman was as disciplined, squared away, and patriotic as any German of that day.

3.3

Whether beginning with evolution or some kind of divine creation, the chain represents the endless journey of the generations of the White Man through the countless centuries of time. And we are all out to see that the chain remains unbroken. Like the earth and the universe itself, it is eternal and, if anything is sacred, this certainly is.

It's referred to as a chain because at any given point in time, that particular generation is a link with certain obligation and duty to both past and future. Behind us we can see the chain stretching backward into infinity and, ahead of us, forward toward and even greater infinity. We may well be living in a terrible time, terrible for us, but it only means that the responsibility and the care for the chain that we are now charged with is at its most critical point, perhaps more so than at any other time.

3.7

The situations in Germany fifty years ago and in the United States today are vastly different regarding the composition of the ruling classes. It is a safe generalization to state that the ruling class in America has SOLD OUT and has got to go... all the way. That much at least the White workers are fast becoming aware of. Hell, things were so comparatively healthy in

Weimar Germany, as opposed to what they are here, that Hitler was fully able to work within the framework of that system and WIN! No way in hell we can do that here today!!

We cannot allow the White worker to believe that we are the friend of the System! The best and only way to combat and reverse this is to preach revolution, revolution, and more revolution! Smash the System!! We must develop and bring into focus our SOCIALIST programs for a new society. This means a BREAK with Right-Wingism. If we fail in this, we could lose.

3.9

The Whites of this country and indeed most of the West have been betrayed by their own rotten leaders. Yes, their natural leaders, the nation's elite! That is why no renaissance can be possible here. Only revolution.

It must be DEATH to an entire strata of the population...

...and a new, fresh ruling elite established from the ranks of the natural peasantry or yeomanry, before that too has been eaten away from the inside out and nothing remains of it.

4.2

Let me just jog your imagination by unequivocally stating that four men properly motivated and determined could set this country on its EAR overnight! And what's more, we don't need to sit about like helpless old ladies and WISH it were so - we have them, and more, NOW! Shall you be with us in grappling with and mastering reality or will you remain among the useless dreamers and escapists wishing things were other than what they are? As revolutionaries we know only one compulsion: circumstances as we find them, the way they exist - in short, REALITY!

4.9

The Enemy is the Enemy and aliens are aliens. All politicians - high and low are PIGS in a Pig System. If they weren't, they wouldn't be there. From President to dog-catcher, they are all the same bureaucratic, sell-out swine. No distinctions are to be drawn. Meaningless considerations of "parties", of "Left" and "Right", even individual identities, names, etc, are simply not to be used. To kill an "ism" you have to kill the "ists". Their words and actions are absolutely predictable and no one should ever express any sense of shock or outrage at them. We must view them as a mountain range, or a fetid swamp, or a series of storm clouds: just there. A factor to be noted and taken into account, upon which to base future strategy. In the present we have to work around them, in spite of them, never extending to them the invitation to send in their pigs to break up these, our most early and rudimentary efforts. In the future, we have to break up their power base and unseat them from the positions of authority which they usurped from real American leaders who haven't existed now in several generations. In the end, we have to simply kill them, as expeditiously and unceremoniously as possible.

4.10

9,999 out of 10,000 have been culled out of the action and have succumbed to things intended to consume all of us but which were escaped by a tiny few. The theory that all will be well once we have blazed the path or "when things get bad enough" is misguided. No one will "come along" once it has been seen that the going has been made safe and secure, because it will NEVER BECOME such until the last fire has been extinguished, the last shot fired, the last body buried.

4.11

The revolutionary scrupulously AVOIDS the havens and breeding grounds of common misery and trouble. He stays out of habitual, useless trouble spots and situations. He never helps police against any other nor does he invite them down upon himself. He doesn't engage in drunkenness or "highs". His is self-discipline and clear perspectives. He will never attack or betray a comrade. In fact he will never initiate any unnecessary hostility as he has more than enough on his hands handling matters of urgent importance. He engages in nothing petty, common or mean.

His enemy is the System - as the System is the Enemy of one and all. He is different because he knows it fully well and is serious enough about himself and what is at stake to conduct himself at all times in an appropriate manner: as a sober and effective revolutionary soldier.

4.14

Hitler and Rockwell shared one thing in common which is no longer valid: they both believed - as Hitler proved and as Rockwell was successfully demonstrating - that the existing institutions of the day, though in many cases subverted and taken over by our enemies, were still usable and could be co-opted, or worked through, in the building of the Movement and the seizing of power.

This is no longer the case at all.

From now on, all our thoughts and strategy must be based upon this realization. It is unpleasant and uncomfortable to be without the old guideposts and landmarks of the past which stood largely unchanged for centuries. Yet the fact remains that for the first instance in a very long time we are absolutely NOT the masters of our own country, our own affairs. Our people are totally disenfranchised as a race and there are no exceptions to

be found in "White" company men or "White" shabbez goyim. Do not make fools of the rest of us by complaining to, pleading with, or barking at the System.

4.16

We don't want "Law & Order" but rather we want the people so terrified by crime that they'll be ready to accept anything which promises to lead them to safety. We want them sullen and disgruntled and not happily participating in the "democratic process". Above all we don't want a police state with our worst enemies at the top pulling the strings. We don't want a "Business as Usual" atmosphere. We want an atmosphere conducive to REVOLUTION spilling over into the streets.

4.18

How about close blood relatives? Can you at one stroke "cut them loose" in the way the Manson Family "cut loose" their families in favor of their greater, REAL Family under Manson himself? If the answer is no then you are prime sucker material and I wouldn't give you two cents for your chances.

5.2

You must remember the System is going to do NOTHING to "fight crime" but only to increase the degree of its hold over every individual. It CREATED the crime wave in the first place as an excuse and a plausible cover for the erection of its POLICE STATE...

We want to see crime and chaos rise to such a degree where the System becomes no longer viable and falls apart. We want to see them lose

control, not increase it. We want to hasten the death of the System, not postpone it...

Let the military continue to crumble as it is doing for it is merely one more instrument of terror and coercion in the hands of the Enemy...

Make no mistake, under OUR SOCIETY, our laws, crime would be eradicated overnight, likewise with the illicit use of drugs and unnatural trends such as abortion, every man and woman would be militarily trained, every home in America would be well-stocked with defense weapons. But this would only be in OUR society, never theirs.

5.4

This may well be the first time ever in history that an entire people cannot sustain itself minus electricity and the things run by it, but it is not the first time that an entire people has been eaten away at its very roots and core so that no healthy portion large enough remains to carry on with a semblance of the former civilization. It has happened often enough in the past, most notably in the case of ancient Rome. A great many Roman ruins still stand today - such as their aqueducts and viaducts - and are in modern use. But nowhere - not even in the city of Rome - can one find a true Roman, a living specimen of the people who built that culture and that empire. We know in the Movement what became of them but how many can see the parallels as they are happening here today?

As it occurred in history, the Dark Ages followed the collapse of Rome. As a number of observers have seen, so far in its history, the United States has not had a revolution, only a War of Independence; it has not had a civil war, only a War Between the States. Our true revolution and our true civil war are things of the future. They'll probably take place one on top of the other. And our own "Fall of Rome" and "Dark Ages" will most likely overlap as well. Things are moving so much faster nowadays.

5.6

It is a cornerstone of the National Socialist outlook – and a hard one at that, which so few can manage to grasp - that NO MATTER WHAT, if the blood is preserved pure, it can survive and overcome ANYTHING. If atomic warfare destroyed all human life on earth but two Aryan specimens somewhere in New Zealand, we could begin again. There is no threat greater than that of genetic pollution facing life on this planet. That is the one and only thing that could conceivably erase all civilization, all higher culture, and send this planet, as Hitler said, swirling back into the ether.

It is an unnatural, peculiarly human trait that allows so many otherwise intelligent people of our Race to look upon inferiors as "equals". It is something - a sickness actually - that will most certainly die with the passing of this current age (and hopefully, will not take all the rest of us down with it). In line with the priority of the blood kept pure and free of alien genes, when comparing the respective damage to be done by other forms of pollutants, I've often stated that the condition - and content - of these cities make a positively ATTRACTIVE case for atomic warfare. After all, don't they employ radiation in the treatment of cancer?

5.10

It is those who are blindly willing to trudge on in the standard, accepted fashion of "business-as-usual", and these alone, who permit the System and the Establishment to keep functioning. In recent years they have seen themselves reduced from pawns to victims and yet nowhere do we see any appreciable trace of popular rebellion, that is, genuine rebellion. They continue to work their jobs, go home or to the bar, drink and watch television. Is it that their resistance has been totally conditioned out or that obvious channels of resistance are as yet managed by the "Fellow Travelers

of the System"?... This business-as-usual attitude, practically a fanaticism in itself as it calls for total inaction in the face of the worst excesses and outrages, will be the greatest single thing about the current historic phase that will puzzle and mystify researchers and historians for the rest of time. "Such miserable swine as these", they will think, "so utterly devoid of the will to live or even of the worthiness of life itself".

5.11

Another hallmark of the first Dark Age that we read about in school books was the degree of superstition and illiteracy abroad in the land. The talk was taking on a loud shrillness in my early school days about not being able to secure even an undesirable job without a high school diploma. They weren't kidding about that. But no one has offered to explain all the "functional illiterates" WITH diplomas and WITH average jobs. The emphasis can't, therefore, be on education. People I meet for the first time invariably take me for a) an attorney; b) someone in law enforcement; or c) a clergyman. Seriously. I happen to be a ninth-grade drop-out and subsequent runaway, with a prison record, with no employment history and an avowed revolutionary. Seem strange? I've maintained in the past that "qualifications" in this society mean the degree to which you have reduced yourself to the level of a quickly and easily interchangeable part...

This society teeters on the edge of a return to something even more primitive than the original Dark Ages... "marketing consultants", "time management consultants", "data processors", etc... these are very high-paying, professional positions but I ask what is actually being PRODUCED by them? ... You hear constantly of farms folding and disappearing. That there are now more "white collar" workers than "blue collar". Some proportion way above eighty percent of the population is now living inside the cities. Where's the FOOD going to come from?... some in the Movement are highly

enthusiastic about computerism... what does the rapid processing of information actually PRODUCE? What happens if someone or something pulls the plug?

A war or an anarchy, or any form of disruption or breakdown. Anything at all that puts the lights out and keeps them out. It's all held together by a few generators, a few dams and a lot of wires. They think that the ancient standing stones of Western Europe were some kind of conductors of currents but who knows? Who'll know what the hell these giant, metal towers out in the middle of cornfields were ten thousand years hence? I've stood in lines in supermarkets when the electricity has been out for as long as thirty minutes. The lines backed up to the meat departments; some people got fed up and just walked off, leaving their carts. And the people at the registers just stood helplessly, idly by, waiting for "someone" to turn the power back on. No one dreamt of whipping out pencil and paper. Tell me where the computers will be when the lights never come back on, or not for a period of years. What's more, where will the COMPUTER PROGRAMMERS be then? It'll be back to the soil fast... or DIE. Winter and starvation won't wait. Try "consulting", "programming" or "managing" your way out of that. The diplomas will come in handy when the shipments of toilet paper stop.

It has been said that Western Civilization reached its peak in the Eighteenth Century. For many reasons, this is probably correct. But I would add that mechanization had reached its natural, healthy peak at about the turn of the last century. By that I mean machines had developed enough to lighten man's load but not too much to enslave him and make a hopeless dependent of him. I marvel at the inventions of the late Eighteen Hundreds and early Nineteen Hundreds. Practically none require fuel of any sort beyond man and horse power. Furthermore they were built to last forever. Many required a certain native CRAFTSMANSHIP to operate but therein

wasman's greatest INSURANCE against disaster: HIMSELF and his own natural capabilities.

Life was hard? Life was neither soft nor hard, life was merely life. Today, life is a hothouse, artificial. The lifeline can be cut at any time. Perhaps for the first time ever in history a society composed of hundreds of millions of people has lost the capacity for self-sufficiency. Cut the power and they'll die by the millions. Talk about the plagues and diseases of the famed Dark Ages of old!

Centralization has brought it about. But more than that, centralization in the WORST POSSIBLE HANDS. Centralization of nearly everything. Yes, everything. Even mass opinion created by a centralized media. The question is not whether it might collapse, but how it can possibly keep from collapsing for much longer...

Agreed, at the present time and for the foreseeable future there will be an expanding "need" for computer programmers as Big Brother tightens his grip over every tiny aspect of people's lives in this country and the world, as people are increasingly reduced to numbers. That, of course, along with the vast and growing credit-debt-slavery racket, which is the mainstay of the System's economy and the inherent sifting and storing of countless billions of pieces of information related to how much people owe. At the present time, the computer programmer is every bit the necessity as his blood brother, the System bureaucrat...

What benefit is provided by computerization? It's like the crappy, worthless Federal Reserve money: it exists for itself, it is entirely artificial, the offspring of high technology. What happens when the lights go out and STAY out?? How will they run their blasted computers then?? And what

need will there be of them any further?? Big Brother will have suffered a paralytic stroke.

In this new Dark Age... it is technology that supersedes every other concern of life. It must be "progress" because it is all so far-advanced and miraculous! But note how the United States and the rest of the Western world are going computerized just at the moment of their impending death. So much for the true worth of so-called high technology.

It all seems to indicate a loss of vitality because, again, so much is involved in "keeping track of" rather than in creativity and productivity, goods and services. The demand for computer programmers soars while the national productivity continues to decline. So much attention to cold data must be seen as another form of death rattle in the affairs of men and nations.

5.13

Commander Rockwell vehemently condemned another one of today's Liberal "virtues", i.e., to keep it "cool", to play it "cool", to be "cool" at all times. To be inflamed by nothing, to stand for nothing, to be willing to die - or kill - for nothing. Hitler and the whole fascist aura are certainly about as "uncool" as it is possible to be.

How smart indeed is a people that not only cannot solve any of its major problems but which fails to recognize the most paramount of these as problems at all? How smart are they when they can't do anything to prevent their government, society, institutions, traditions, families and their own lives from falling apart? Drugs, suicide, miscegenation, every manner of degeneracy is "smart", "cool", "sophisticated" and quite acceptable in the course of demonstrating one's "individuality". Mindless pleasure bent is "smart". Clinging to a false material security is "smart". On goes the rationale.

When it catches up with them in full, they'll be wondering why. Smart.

5.14

It was a White society with White Men, White Women and White Children. White families. White culture. White values. Up until the Fifties, if you weren't White - including Jews - you either played it White or you didn't exist. If you were a druggie, you kept it hidden, or else. There was an Ideal - though it was too poorly defined and not at all effectively enforced - and it was a White Ideal. It was slowly eroded to the point where, today, there is nothing left of it.

5.17

This segment describes the state of the backbone and intelligence of the White population... The averted glance, the limp handshake. The given word that you can depend upon being worthless. The preoccupation with sports and other luxuries and trivialities. Being willingly chained to dead-end "jobs" which they hate; passively being shaken down, roused and robbed by the government, banks and utilities. I've had a number of them state in the past that they don't like talking about anything that has to do with the "Big Three": race, religion and politics. What kind of people are these?

These are people who have had all the CHARACTER and WILL sapped from them by a couple of generations of the best, most complete job of mass conditioning and brainwashing ever known, bar none. There's nothing left of them. Minus their "funny money"- growing more "funny" with each year - these "consumers" would probably turn invisible! I disdain to refer to them as "Whites". In their interests they flit around like butterflies; in their resolve they scatter like rabbits at the first hint of trouble. what does it mean to ourselves as revolutionaries?

It means that they may as well not exist in practical terms. They're not going to "do" anything. They'll sit and watch anything happen. They'll do as they're told. They will roll over when kicked. But I would want to emphasize to all of you that, just as they today sit idly by and watch our early heroes arrested and killed by the System, so tomorrow they'll do the same when it comes the turn of the Systematarians.

5.18

Probably without question the System's greatest master stroke in recent decades has been its complete success in conditioning people in this country, especially Whites, to where they won't stand together. (They'll stand together at a football game or at a rock concert but never against the System itself.) How else do you explain all the existing "racism" and boiling discontent that never comes to anything, never gets anywhere? This thought occurs to them, it must, but they shoo it right out of their minds before it even takes form. It would be a reminder to them of how totally emasculated and enslaved they are and they certainly don't want to face that. It might mess up their dream world.

Fear. They won't because they can't. They can't because they won't. They are hamstrung by their old beliefs and morals which the System wisely allows them to keep. They are halted in their tracks out of uncertainty of what to do, how to do it and of "What if?". They are paralyzed by self-doubts which have no connection to things, such as "job skill" or being "fashionable" or "socially acceptable". They are cut adrift. Any wonder at all why they can't pull anything together? Victims in the making...

What I will describe is the kind of person who - while still very much an individual - stands apart, stands forth against the System. A person who is of such magnitude that his act of standing forth in such a manner is equivalent to whole worlds colliding. That kind of person can never and will

never be counted as a victim or as a statistic. And that kind of person, whether his numbers are in the dozens or in the hundreds, is the kind which is making up the Movement of the future.

The rest... simply don't count. They have been created and bred by the System to serve the System's purposes: to be used up, discarded or cut down, as the System sees fit.

5.19

In Soviet-Bloc countries and in the Third World cultures where creeping liberalism has not done its final damage, domestic violence, i.e., the dominant male of the group, the father, having to straighten out other family members after reason has failed, is shrugged off by the society and the authorities, that is when it is noticed at all. Here today, they have established "hotlines" to call to turn in a family member for touching you. "Human dignity" violated. "Big Brother to the rescue!"...

You cannot get wives and children turning in their husbands and fathers unless and until you have rendered them ridiculous, impotent and brutish (fascistic). Step one was accomplished long ago and, I might add, with plenty of cooperation from the American male. Yes, they ARE mainly jerks and impotent buffoons deserving all the kicks the alien, anti-White System wants to deal them. For they are the ones who ALLOWED all of this to take place and come to pass. In this sense, the System media is flogging a dead horse to an almost cosmic degree.

5.21

"The mightiest counterpart to the Aryan is represented by the Jew." These are the words of Adolf Hitler writing in Mein Kampf...

Numerically - as far as those who count are concerned - true Aryans just about equate Jews and this parity in terms of the battle for eternal stakes lends a light to the gravity and finality of the thing seldom before seen. The rest, as Nietzsche said, are merely humanity, the gray masses representing nothing but inertia. Thousands of years ago the Jews spelled out their own estimation of these types: "Goyim", or cattle, to be grazed, milked and, finally, slaughtered. Can we argue this?

We view the current status of the world conflict this way: yes, there are two mighty counterpart forces at work in America and in the world - the forces of Life and the forces of Death. The Life forces represent an upward path toward, as Nietzsche put it. Godlike humanity. The Death forces merely seek now to make the cesspool, which they have in fact created, one of an irremediable nature. We must know that we fight for Life, for Revolution, as a matter of COURSE and not as a matter of choice or of reaction to anything. Our Program fulfilled will mean the rehabilitation and rejuvenation of Whites whereas the ongoing depredations of Jewish-Capitalism will finally eradicate them altogether...

We, like the Jews, must come to view ourselves as an elite, as a BREED APART from any other, because it is our DESTINY to do so.

5.22

We must face that there has been no government that has been of, by and for White people since 1945... the U.S. government ceased to be White even before the outbreak of the First World War as the very smallest number of alien infiltrators had succeeded by that time in deranging the entire meaning and thrust of government away from being the servant of the people and even away from being pro-American in world dealings. From that humble beginning it has grown into the monster that it is today...

You and I know that this is anything else but a "White Racist" society. It is a cesspool of miscegenation...

Each of us knows how they howl, march and protest against "racism", the Klan and the Nazis to this day... Each of you knows how impotent the traditional Right Wing has become. Yet, to the Left, Enemy #1 remains "Racism"... we must stick by our guns just as Commander Rockwell insisted from the beginning and NEVER shrink from the use of our rightful name and rightful symbol, the Swastika - for who and what more vividly represents this huge and terrible "ogre" than Nazis and the Swastika... even while they declare us to be the primary foe, our very non-presence denies them the opportunity of getting at us... we are aware that plain redneck stupidity has merely run its full course.

These psyched-up Reds - and especially the agitated Blacks - can't be expected to lie dormant forever and you can only hit what you can see. One of the cornerstones of our strategy is to make ourselves the most unattractive target for these peripheral rowdies. We'd rather see the System take it on the chin instead. In deciding who your enemy really is you must take into account that an opponent is only dangerous to you if he holds some kind of power over you. The Big Brother System... THERE IS THE ENEMY!! It is our worst enemy in the entire world!

If a bunch of Black Nationalists rob a Brinks truck, if they kill some System Pigs, WHO CARES? Money is the lifeblood of the System so let the Blacks, or anyone else who cares to, open up a damned artery! Any Pig killed by a Black or Communist Revolutionary is one Pig you may be sure will not come after YOU one night with a nice, neat Federal warrant.

It is a dirty, rotten shame that it has to be left up to the likes of Blacks and bowlegged Jewish agitators to hit the Pig System but, damn it, SOMEBODY'S GOT TO DO IT! So wish 'em lots o' luck because this is serious, deadly business and twenty years of bitter experience has shown us

that all the piety and all the law and order bullshit of the past has gotten us NOWHERE!

5.26

I am a man of revenge but I am also a realist. I will not sacrifice myself for the sake of any punitive measure, large or small. As Manson would pointedly ask, "Are you ready to die?" Because if you aren't ready to die over this or that particular issue, then you'd best let it ride.

5.27

The enormous body fat of the System will absorb the brunt of our best blows while any backhanded swat from the System if allowed to connect - can send us reeling off our feet...

The first time something goes wrong, you can blame others. The second time it goes wrong, you can only blame yourself. Never make the same mistake twice. If you can help it, never make it once. The rule is that once burned, twice shy. It only means keeping your hand out of the fire, not staying clear of the kitchen. The System wants - depends upon - INTIMIDATION. They count on fear and division to keep an increasingly alienated and sullen population subjected. Don't get "spooked", get SHARP! Rise and fight again with the experience you have gained...

The feeling that the police have eyes in the backs of their heads must be gotten over. It is true that we have today what Tommasi correctly saw as a "Big Brother Electronic Surveillance Society" but I would maintain that it's still not omniscient or omnipresent (and the technology even has the effect of making Big Brother's Pigs spoiled and lazy). Big Brother has up till now (and probably always shall) depended upon, number one, our own stupid goof-ups and, number two, "Uncle Toms" and other species of babbling idiots in

society, for the effectiveness of his investigations, detections, arrests and prosecutions.

5.28

It was Nietzsche who said, "That which does not destroy me only makes me stronger", but we have to include the unspoken proviso that says, obviously, if you take a hard enough blow from the System to the point where you are more or less permanently incarcerated or otherwise seriously handicapped, you can count yourself effectively out. It has been observed that the road to the palace leads through the dungeons, and Commander Rockwell changed that to read that the road to the White House leads through the jails. We also said that the object is to deliver our blows and yet avoid the jails at all costs. We've said that in the event of an arrest, you shouldn't expect to be shown any mercy (and nor shall we show it on the day the tables are turned)...

In revolution the price of failure generally is death. So whatever you do and whatever course you choose, don't sell yourself cheap. **MAKE IT COUNT!**

5.29

Just because we may be part of a Movement in opposition to all this insanity does not mean we are or shall be somehow magically immune to any of it when things break full force. It was also said that an organization which does not plan for its future isn't likely to have one. Those who want to LIVE and possibly go on later to make a significant IMPACT on the course of national and world affairs are going to have to strategically withdraw from grandiose designs of what might have been and surrender all

illusions of what should be. For there is only what IS and that forever remains harsh reality.

5.30

Actual survival is no joke. Naked facts of life are taken into account when survival is spoken of in earnest. Where are you going to find food, water, shelter, heat, medicines, weapons and ammunitions in a world collapsed? If, for example, the trucking industry shuts down for whatever reason - the cities will begin to starve within two weeks. And, for another example, should Big Brother's Pigs be unable to control rioting and looting, that figure could drop to two days. Are you located in a city and dependent on centralized electricity, gas, water? These things will be OFF the first few hours of a general collapse. When we spoke of real survival before, we began by saying that the city is no place to be, now and especially later...

What's the difference between a gradual emergency and a sudden one? Only that you are robbed of the chance to react appropriately and effectively. Meeting mortgages, rents, buying food, etc.- it's the same now for most: a day-to-day struggle for existence. And how much more can the situation tolerate before it goes over the brink? Primary to survival, to my way of thinking, is that at least out in the countryside you stand a CHANCE. Beyond that, it is up to YOU how well you prepare for the day when the point of no return is reached. And, as I said before, one of the things the Movement has done a commendable job of has been making available a large amount of very good survival literature. Buy it! Read it! Use it!

5.31

How many of you have ever been arrested... for anything? How many have had to fight law suits? How many have fought in the streets against

the Enemy? How many have been injured or jailed as a result? How many have gone without food or heat? How many have lived on the run? Or try something simple: how many have been personally smeared in the press? Given any one of these things, the average individual would break and run, would sell out his own grandmother in order to try and escape his own medicine. And, given any one of these things, if the consequences could not be avoided, the average individual would crack.

The Pig System knows this and depends upon it in its day-to-day workings. It could be said in complete truth that only swine could be ruled by a Pig System... These soft, flabby - outwardly and inwardly - swine can't take it; hell, they can't even take the thought of it!

As Commander Rockwell said, a coward will keep on backing away from a fight until he is literally backed up to a wall (or cliff)...

Jump in and start to swim hard now. If you wait until the ship sinks, you'll most likely drown.

5.32

"The only thing lower than niggers and Jews is police that protect them." Thus spoke Fred Cowan not long before he went out in his own blaze of glory, holed up in a building that was surrounded by police coming to the aid of some dead Negroes and a terrified Jewish boss who was hiding underneath a desk...

By the end of the Seventies, it was clear even to the most dense that the usefulness of maintaining a friendly, benign, stance towards professional law enforcement had been outlived. They, like the professional military, had their last chance to act and had blown it. Those who by then had not sold out, had been edged out and silenced or otherwise compromised. All that was left were eager and willing, professional Pigs.

Ever notice how only a certain mentality becomes a cop, or a professional soldier in these times? I've known several who did both... They are gun fanatics, the law-and-order freaks and they have trouble getting girls. They are the most dangerous and irredeemable reactionaries. They are the System's hired hoods, the System's Pigs, and though the reactionary streak in them may at times cause them to sympathize with some of our program, they'll sell you out in a minute in the name of printed law.

It is comparatively well-known that the suicide rate among professional groups is highest among police. To be blunt they are neurotic, cowardly, self-righteous bullies and any comparison between them and the SS is enough to gag any real National Socialist, for these Pigs are not in the least bit idealistic or devoted to any cause whatsoever, save enforcing the printed law as it is handed down by tyrannical judges and sold-out politicians. What else, how else can we regard them except as a major facet of the Enemy? Conservatism and Pig-ism are the same: both enemies of revolution.

Devoid of real ethics and motivation, only two things keep the Pigs in power in this land: the mood and atmosphere set by the superabundance of the "Uncle Toms" I mentioned before and the continued existence of the economy. Despite any 21st century line of electronic surveillance systems, the Pigs COULD NOT FUNCTION minus their finks, their informants. And were it not for the government's continued ability to pay them their wages - handed over by sheepish herds of taxpaying consumers - they'd quickly get out and take jobs better suited to them, like pumping gas or some other honest labor.

We can start to defeat them now, individually, simply by being SUPERIOR. Step one is to stop imagining that they have eyes in the backs of their heads or that they are all-seeing in any way. They are NOT as long as we stay away from stupid conspiracies and other compromising situations... and even more stupid TALK! Step two is to learn their silly little routine

games which they play on every suspect and to know how to rebuff these at the time they are attempted. THAT is 90% of any encounter with the police. Third is to discipline ourselves to STAND FIRM against them even in the face of total personal disaster so that we ourselves and the revolution as a whole will not be further weakened or discredited.

Their power will gradually be overturned and destroyed through the increased lack of faith and interest on the part of the public as well as our own rock-solid opposition. Offensive tactics against them are entirely unwarranted and unnecessary now and for long into the future. Once under serious attack by them, of course, consider yourself a marked individual and proceed to kill as many of them as you can.

5.33

"If there's trouble, call a cop." If you believe that, please stay away from me. That is a mentality that has to be stamped out. I realize that an entire segment of the population will probably have to be stamped out along with it, but nonetheless. The artificially created instinct to rely on police whenever extraordinary circumstances arise has made way for the "Uncle Tom" syndrome I have mentioned often in the past. Indeed, without this reliance upon a paid army in blue to handle your violent, extra-legal situations for you, no such "Uncle Tom" syndrome could have arisen at all. To the average person, the cop IS "Big Brother". The natural thing for them to do when the threat of trouble appears - or is even hinted at - is to go running to the Pigs with the story. Pigs may be Pigs but those who have truck with them are indeed SWINE.

What's been cultivated over the past century or so in this country has been generation after generation of more or less adult children. Those who can perform certain jobs they are trained to do and generally live within Master's Rules but who cannot truly fend for themselves when it comes right

down to jungle basics, the Law of Nature. Anyone steps out of line and it's "Call the police"; "Let the police handle it." And, on the opposite hand, they know that should they ever step out of line themselves, they will have to deal with the police. That is the outermost limit of their existence, their thought and their world. It never occurs to them, "What if the police are no more than tools of an evil, corrupt regime?"

Even among children however is the lingering animal (true) instinct that where there are police, there is trouble. People are nervous within the sight of cops, whether on the street or on the road. That's the reason for all the P.R. and such slogans as "The Police Are Your Friends". It works - up to a point - but within that lies all that is necessary to make their rule complete. They may not have the warmth and affection but they've got fear and respect. When it comes right down to it, results are all that count and the result of all this has been that we have a Big Brother Police State.

Looking at it from an objective standpoint and assuming for the moment their only job is to "fight crime", let's take in the facts. In the big cities we might even pity them for the spot they're in. They are fighting hard but they are fighting a losing battle. Mainly, they fight to hold their jobs and for the sake of appearances. Make no mistake, crime rules. In the smaller towns, like this one, they are good for two things: hassling young punks and busting old drunks. The unsolved murders and unreported (that is, reported but not released by the press) rapes are a bad joke. If you're assaulted or burglarized or vandalized, you're out of luck. Out of luck, that is, if you depend on the police and are willing to let it go at that. It is accepted that if you are robbed, you can forget ever recovering any of your property, even assuming the culprits are apprehended. The tale - ridiculous but true - about handling it yourself and THEN calling the police getting you into bigger trouble than the crooks is reality.

In one or two times that people - unaware of the "aura" that surrounds this place - have tried to make my home and those who live in it victims of their crime, it has been handled strictly in a "free enterprise" fashion but with this revolutionary difference: police were NEVER called at any point, before or after. We live safe and we live free. Not only that, the whole valley here enjoys it as well.

Perhaps not everyone can handle it themselves. They, by definition, are dependent upon others for their lives. Not an enviable position. And dependent upon whom? Around here, it is commonly accepted that if you need a cop, call the nearest donut shop. It is a travesty that children and the elderly are thus "protected" in a land where the worst savages ever to have existed anywhere in history roam at large - as "citizens"- subsidized by the System. But if police are not worth much of a damn at doing the job they're supposed to do, what in the hell is it that keeps them busy and what are they really intended for?

Simply, they are Big Brother's first line of defense. Where the conditioning and the brainwash may fail, where the dope, the sex, the "thrills" fall short, where the monetary terrorism proves ineffectual and the person may step outside Master's Rules, that is where the true role of police becomes clear and obvious. Crime is universal, it is everywhere. It is even accepted as a way of life. Revolution, bucking Master's Rules, however, is not. It is an impossible task - within a "civilized" context - to fight crime in this country, things having gone as far as they have. Besides, the criminal element serves a definite purpose in Big Brother's plan, a purpose that we've discussed previously in SIEGE. The police are really there to step in when the truly extraordinary happens. And what is that other than any act of revolution, any act of "civil disobedience"?

5.34

It may be construed as paranoid to come out and say that the police are only there to mess you up. If you exist as a truly "herd" animal, you might never experience any difficulty with them at all. You might live out your existence in total indifference. But even those types live with the ever-present risk that someday, somehow a Big Brother minion might decide it's time to cut one out of the herd for an impromptu slaughter. Maybe a la Amazon River where one is sacrificed to the voracious piranha. That is no existence for a real White Man. Those who decide NOT to follow Master's Rules will have to get sharp – physically and mentally - if they are going to long survive for, sooner or later. Big Brother will fix his sights on YOU.

Brushes and run-ins with the police do not have to end in disaster for the Cause and victory for the System. You must fully expect to have these brushes, often, and you must be prepared to handle them. You can either live for the Cause and fight for the Cause in a totally legalistic way and, when you must face the police, you can do so with the complete knowledge that you are perfectly clean. OR... you can choose to be part of the Lawless Breed and learn to become an Academy Award winning actor.

My own, personal set of morals - at least those few morals that I have fixed and permanent - will not allow me to advocate in a general way that anyone go the route of complete lawlessness. I don't want to see anyone victimized and I refuse to have a hand in their victimization. As was said in a previous segment, I consider myself among the luckiest individuals on earth for having bucked so many odds successfully for so long. Like the Vikings, I hold luck as something very real and sacred, almost as a science. Never abuse it or it will destroy you. When, through your righteous actions, your bold and daring tactics, your chivalrous demeanor, etc., luck chooses to smile on you then you must do your part by LEARNING and profiting thus by each and every experience so that Lady Luck won't have to carry quite such

a share of the burden next time. Instead of a dependent of luck, you'll become a partner...

YOU WILL BE CAUGHT! Remember this for it is a fact. Anyone who isn't a complete fool can expect to get away with some things for awhile without getting caught. It's an old story. They will keep it up and up until they overextend, develop a pattern or otherwise trip themselves up. Down swoops the System and personal disaster usually follows. As a kid, the rap may have been small but, as a revolutionary, the cost is life and/or liberty. You had better know how to cut your losses...

You must expect to be caught. This is a struggle against an enemy who is in power everywhere and you are an OUTLAW. No one's skill and no one's luck can be expected to hold forever, in every case...

When the term "Pig" is used, it applies not only to police but to any person or agency of authority within the System. And the term "crime" is the only blurb you can expect when it comes time for you to feel their inquisition; it applies to any act - large or small, violent or "white collar" - which goes outside the rules. So much can be summed up in so few words and basic principles. "Deprogramming" what the System has taught is where most difficulty is encountered. Taking CONTROL over one's thoughts, reactions and emotions makes up all of the rest. Beyond that, the rule must be to always, always act alone or in the smallest numbers possible. Next is to never talk - before, during or after. And "after" means FOREVER AFTER. Next is to leave no witnesses and no evidence to turn up later on.

All of these precautions may be taken and still, eventually, you WILL be before detectives or panels of investigation. You WILL be either under suspicion or under arrest eventually. Knowing or having a pretty good idea of the strength of the Pigs' case against you is of critical importance and you can only really know this through knowing yourself and being aware of all your own actions. Never forget the unbelievable number of those who are

completely innocent but are broken and railroaded by professional techniques of interrogation, intimidation and, perhaps most dangerous of all, entrapment. Bluff, high-pressure and, surely, by "The Pigs Are Your Friends", "Let Us Help You" and so forth. That is tough enough. But going in to face an interrogation - a most dangerous and uncomfortable experience, I assure you, under any circumstances - when you yourself know you are guilty of what they are investigating or accusing you of is something else entirely.

Here is where it all either comes together or falls apart. I don't recommend trying this unless you know what you are doing. The word here is brinkmanship. You must know how much to admit, what to deny, where to be vague. You'll be asked to write your story out for comparison later on. You'll be asked to submit to polygraph examination. You'll be told you're sunk already. You'll be insulted and threatened. You'll be alone and surrounded by a room full of Pigs. Sometimes it will happen that friends, acquaintances and even family may have actually betrayed you. Scenarios of your life ending may pass before your eyes. Through it all, your composure must never slip for even a split second. At this precise moment, things are most critical.

It'll be the longest hour of your life and you'll probably be able to count on a good many of them. But if you can withstand the best that the police academy can dish out in that initial blitz, then you most likely have weathered the storm. A long war of nerves is far preferable to a short war of violence. If you walk away from that encounter a free man, then, most usually, the thing is reduced to a kind of sick, graveside game of "Mickey Mouse". This is the contest. The sight of a blubbing weakling, shaking, crying, babbling like an asshole is no contest at all.

One of the primary things to keep always in mind is that police have no magical powers; they are not omniscient. They depend on your foolishness and the cooperation of others - informants - to win their battles. If you ROB

THEM OF THESE by not making typical, idiotic mistakes and by not exposing yourself to needless vulnerability and betrayal, then you are ENTITLED to march into their lair like the Lord of the Earth and proceed to match wits with halfwits. The sensation of fear will never leave you, nor should it. It is there to help you. IT - not they - is your friend. It will do the most to keep you sharp and on your toes, alert and super-aware of what's around you. Tempered by the highest degree of self-control and self-discipline, fear will help make you a formidable beast of prey.

Perhaps the only appropriate bottom line to this was supplied by one who provided little else in his career with the Movement other than this comment, which I'll paraphrase here: "When it comes time for you to finally cash in your chips, you'll go out with a sense of deep satisfaction for having always kept one up on the forces of the Pig System." Keep it that way; live it that way.

6.2

It came over me some time ago that the revolution we dream of, speak of, and write of has not faltered or failed, for the simple reason that it hasn't gotten started yet. It's going to start – it must start. I don't care how badly the disease of liberal democracy has infected our people; human nature remains the same and it will rise to the surface and show itself sooner or later. For there to be smoke, there's got to be fire someplace. And you've certainly got to crawl before you can walk, much less run. Evidently things are beginning to happen... SOMEBODY is starting to do it RIGHT!!!

6.3

When Whites are killed, nobody lifts an eyebrow; when Blacks are killed there are nationwide "manhunts" and "conferences"; now what will be

the case when BUREAUCRATS and JEWS start getting killed? It could trigger total panic. The mathematics of terror is this: they have not got the power - regardless - to spark a revolution. No outrage, nothing on their part can do it. Therefore the initiative must be only ours if anything at all is going to happen. Not only that but the advantage as well is ours if only we will take it! A good friend of the Movement commented only the other day that, when it starts really happening all over, all at once, we will have reached the point of "effectively".

6.4

We can grumble and mystify at why it has taken so long for the White Man to start lashing back at his mortal enemies. But it won't do any good. What is happening, or beginning to happen, will be regarded as something that is a biological, historical and worldwide phenomenon. It's keeping no set schedule. It's something BIG. It is that very worldwide RACE WAR that George Lincoln Rockwell prophesied long ago. Like an ice age or the eruption of a volcano it just happens. It is a massive "Viking berserker rage" about to explode and consume the Enemy in blood. It is a natural - not a political - phenomenon! There's not much we can actually do about it except try like hell to really be WITH IT rather than against it, or even neutral about it, which would mean destruction. The only comment one can make is that it certainly is about time!!...

The real leaders are those who DO IT holds more true now than ever before... We will win when we become like our ancient gods of thunder and lightning. You can't out-sneak the System. But neither can any number of sneaks, or scum, or whatever withstand the onslaught of berserk. Viking warriors!

Tommasi said to forget political power in this System framework and to concentrate on hurting the Enemy himself. But until and unless massive

chaos is underway, the Enemy is still in a position to hurt us back and that is something we want none of. Therefore the primary ingredient for successful revolution is the complete breakdown of the existing order. In the end, we don't want to "hurt" the System, we want to KILL it... there are MILLIONS more... out there awaiting their moment...

When this happens, when it all breaks loose, then they will remember the words of Rockwell and you will hear great cries of, "Lord, save us from the fury of the men of the North!"

6.5

It is NOT how you play the game that counts, it is WHETHER YOU WIN OR LOSE!...

Some have called it the "threshold of anger", others call it the "breaking point".

We have seen it happen in the cases of a dozen comrades in the past decade in the U.S. The moment when one can no longer stand idly by in the face of countless, incessant outrages and when one decides that personal safety and comfort no longer have any real meaning. At that moment, he becomes a revolutionary. He goes on the attack. He becomes a part of the first wave, which must exist if there is to be a second or third or fourth, regardless of cost...

Commander Rockwell's favorite excerpt from Mein Kampf... "When human hearts break and human souls despair, the great vanquishers of distress and care, of shame and misery, of spiritual slavery and physical duress look down upon them from the twilight of the past and hold out their eternal hands to fainthearted mortals. WOE TO THE PEOPLE THAT IS ASHAMED TO GRASP THEM!"

6.7

The last time there was a President worth shooting it was Franklin D. Roosevelt. To have killed Roosevelt would probably have changed the course of history. But, largely because his work was not terminated in time, all succeeding U.S. Presidents have been nothing but puppets, simple front men with a thousand ready, interchangeable replacements lurking in their shadows. Faceless bureaucrats. Big Brother's marionettes...

Nowadays taking out a U.S. President will not change a damned thing even slightly because that is not where the power lies.

6.9

You must consider that in this filthy regime, this filthy System and Establishment, there are no real leaders...

6.11

Big Brother loves talk, loves debate, adores paper pushers but is frightened to death by ACTION! Even more than that Big Brother is terrified by the kind of action that the White masses might identify with!!

6.14

Nothing is going to stop those who reach a point in time when they've had too much and just start shooting. What we have to strive for is to increase the instances of those who bide their time and sell their lives dearly, at great cost to the Enemy and at great service to their Race. We have to train ourselves to be able to knock out the functions of the System itself for we are at WAR against a most foul occupier of our land. And, certainly, some of us will have to disappear, dig deep and prepare to HANG ON when absolute hell does finally break loose...

Decide your proper course now. Prepare for it so you'll be able to do maximum justice to yourself and your Cause. Train for it so you'll maximize your chances of success and survival.

6.15

Revolution in Reality: No one said it would be pretty. No one said it would be easy. Quite a few imagined it would be "by the book" which is, probably, the greatest misconception of all. The Movement has the facts and theories down pat but it always has appeared to be badly hung-up on reality when it happens. Many times - most times - reality, that is, the ACTUAL PRACTICE OF SOMETHING, varies widely from the carefully thought-out ideal. That's life. In revolution as in any war, actual accomplishment of it primarily involves KILLING and the consequences of that. The sooner the Movement accepts all this as merely par-for-the-course, the sooner things will begin going more in our direction...

A life/death struggle must break out into the wide-open lest death win out by default.

6.19

Commander Rockwell said in the 1960's, if you're racist and aware of the role of the Jews and are willing to discuss it, then they're going to brand you a "Nazi" regardless of what you may call yourself or your group. You can even try cursing the Nazis and they'll STILL call you a "Nazi"

6.21

There are but two ways of destroying the System: the kind of confrontations and uprisings we have seen lately, but on a larger scale, simultaneous and wide-spread enough to tie down the Pigs to the point of

being ineffective; and an increased, intensified subversion of the System economy together with direct assaults against same in order to break the System's army of hirelings and to ultimately alienate it from the population. Together these will topple the System. We may not picture ourselves as "allied" to these colored and Leftist groups but we must see that they too are being attacked by the common enemy, the System. Perhaps a dialogue couldn't hurt. Could there be a greater nightmare for the System and it's Pigs than the two widely divergent revolutionary elements in coordination?

7.1

We should be aware that in a sick or even mildly mediocre society such as exists today, it is a badge of honor to be possessed of an anti-social streak. It will keep you safe and high above the trash and poison of the milieu - right from birth - where no amount of "proper education", "good background", "upbringing", etc., could.

How many from the so-called "best families" are completely degenerate zombies? Myself, I was always classed not only as the "black sheep of the family" but also as habitually "hanging with the wrong crowd". So, for me at least, joining the Nazi Party at age fourteen just sort of made it all official.

A skillful hypocrite (i.e., "good citizen") in a sick society, one that really knows how to assimilate or conform and generally doesn't rock the boat, is a disgusting System Suck. I can have more respect - if that's the right word - for the rabid liberal or Red than I can for the System Sucks and the Establishment Creeps. In any event, to go from one to the other is a national pastime and involves nothing more than a change of clothes, an expensive slick new hairstyle, and that certain mercenary acquisitive drive. But a good solid anti-social streak born right in the BLOOD cannot be changed by anything: physical suffering; brainwashing; disillusionment;

discouragement; defeat... absolutely nothing. It's been rightfully referred to as the common denominator of ALL "True Believers", that is, of all fanatics.

It must therefore also be the key ingredient for all revolutionaries. Being White isn't enough, being educated isn't enough, being idealistic isn't enough - dedication, determination, and so forth all can be undone by circumstances. One has got to be APART. Currently most of the best revolutionaries in the United States are non-White. That's because they are taught to view this society as something to which they do not belong but something which they must break into, overcome and CONQUER! It is therefore more easy for them to become "revolutionary" than it is for most Whites who are instilled with the defeatist complex right from birth...

We find our alienation in the special knowledge that this is not our society in any way, shape or form. We find ourselves, by far, greater outsiders here than any non-national Jew, Black, Asian or what have you. There is no way we can assimilate or "work within the System". Further, there is no way we can be bought off... We can't quit. Nor can we be thinned-out or watered-down. Our very guts are on fire. We are the only real revolutionaries!...

I can think of nothing more formidable than a band of malcontents who know exactly who they are, what they want and how to go about getting it! The job is to build a world of our own, not to pull someone else's chestnuts out of the fire. Not a defense but an attack! To borrow a revolutionary press statement by Ed Reynolds, "We don't want to rock the boat, we want to SINK it!"

7.2

To "not fit" into this society can be a distinct badge of honor - it doesn't have to be but it can be. To "not make it" in a money-based society oppressed, exploited and persecuted by money-men and by money

considerations - and to be scorned and ridiculed by a conventional world, does not mean that one is a "loser" in the true sense necessarily. Is one to struggle in order to exist at the bottom rung of an alien society in failure and abject misery or should one rebel completely and stand forth as a different, and possibly superior, kind of being? Not as a left-over from the dead past but rather as a point-man securing a path for the coming of the wave of the future. Nobody ever said this would be easy, and obscure poverty-stricken endings are very large possibilities...

Our TYPE - the True Believer - will one day rule again. The rest, under whatever society, will go on being serfs. Take your pick.

7.3

It is just as impossible to become a revolutionary oneself unless one is himself alienated. I'm not talking about born losers, common weirdos or run-of-the-mill anti-social types. I'm not talking about those who wouldn't make it in any society due to personal deficiencies. I am speaking of people who do not fit into THIS society because of what it IS and what THEY are. To be outside this society is a marked badge of honor. I'm speaking of people who didn't have the luxury of making a choice; people who aren't in this for fun.

Members of the Establishment... only seek a way out. They yearn for a return to the days of brisk business and high profits, i.e., "business as usual". To them, revolution is a dirty word because it carries a distinct connotation of being bad for profits. They are set to believe if everyone would just go out and get a steady job, all would be well. They hardly even want to rock the boat - only unload or perhaps rearrange some ballast. They appear to take us as one more form of Hard Right Winger, albeit the kind which they must be careful to hide any connection with (for profits' sake). They really do not comprehend that WE ARE AT WAR WITH THIS SOCIETY and that it is them or us. We, as part of our revolutionary

program, intend to blast to hell their filthy, scum-tainted System of profit values...

The radical has found his own set of rules to go by. As often as not, he makes up the rules as he goes along. No superstitions exist to him such as the abstracts of "good" and "evil". There is only that which works and that which does not. Those behavioral aberrations that so dismay members of the Establishment really are not "bad" per se. To get the job done, it calls for whatever traffic will allow. If anything, the situation calls for a greater number of increasingly alienated, radicalized people...

"These are not my people", views the alienated radical. Life and the struggle are greatly simplified in that manner.

7.4

Our enemies are intellectualized, computerized, mechanized, de-humanized. And, for that reason, they wouldn't FIGHT for a damned thing. As Manson would say, we are Pro-Life, Anti-Death. We still have the spark and the feel of life within us. And that is why we fight...

I mean gut INSTINCT as dictated by millions of years of genetic development. This is as close to a literal translation of being in direct communication with one's distant ancestors as we'll probably ever get... Noble thoughts and ideals. Irrational as hell. But this provides us with our biggest advantage over our enemies; our legitimate reason for existing as individuals; our purpose in Life. Something bigger than ourselves, and certainly, as big as the universe itself. That is an experience these liberal types can never know and can never understand. Alone, it sustains us. COMBINED with the weaponry of cold thought process, it will lead us to victory over all odds...

There is NO ROOM for sentimentality of any kind in the practice of politics. And I emphasize again that, in terms of the present, politics and revolution are practically synonymous. That "it's the sentiment that counts" is

garbage. The bullet put in the head of your opponent by you, or vice versa, gets there precisely the same way and means exactly the same thing to either. That is "Phase One" politics. "Phase Two" politics may get around to just why you put that bullet there in the first place but, by that point, the questions are all over anyway.

7.5

We are playing no favorites - Jew, Christian, Moslem, Hindu, Buddhist, Shinto, etc. These huge and powerful, wealthy and influential institutions based upon Man's greatest fears and weaknesses, created upon pure superstition, which have wrought so much damage, destruction, confusion and unwisdom... have got to be viewed by all true revolutionaries as among the primary tentacles on the body of Big Brother. Organized religion when speaking in terms of the White Race - is a terrible and deadly enemy... At present the Church presents its worst danger to the White Race because of the common denominator of all messages parroted by the "Born Agains"- lay down, submit, and let God handle it; it has all been written; it is all inevitable...

The monumental cathedrals built by the genius of Western Man in the name of his religion compare identically to the mud and clay huts and carved, wooden idols that the primitive races erect to their peculiar religions. Same comparison as our I.C.B.M. missiles to their spears and blow-guns. Same concepts of war and religious worship, just that the White Man does it better... What makes Christianity seem to be "the" religion for mankind has nothing whatsoever to do with any of its promises or tenets... not even with how many people in the world today embrace its philosophy... It is because that was the religion that so happened to get foisted off onto the White Man and it was his genius and creativity that gave it its strength, beauty, charity, forcefulness and whatever real value it may once have possessed.

Anything of a positive nature to be found in the doctrine or workings of Christianity did not come from the sky or from the pages of a book but rather from the blood of the White Race which foolishly adopted it. Blacks, Browns and Yellows aren't backward or savage because of any backward or savage religion, it is because it is their nature to be so. The lowest-level primitive in the jungles of Haiti is no more voodooistic than the highest bishop or cardinal in Europe or America . But the style and presentation are a hell of a lot different...

By the time of the Nineteenth Century there were armies of screw-loose "Soul jockeys" swarming into those areas of Asia and Africa which were colonized or conquered by the West. These missionaries were doing their best to score points in the afterlife by making human beings out of jungle savages through laying a little religion on them, sprinkling a little water on them and repeating a few cobble-gobbles over them. The ridiculous notion of super-repressed, super-uptight Christian missionaries trying to teach the lowest savages how to copulate properly gave rise to the well-known "Missionary Position". More than one of these lame-brains ended up in a stew pot. No loss there. The worst of this was seen at the time of the U.S. Civil War. Tokens were circulating at the time depicting Blacks on their knees in chains under slogans like, "Am I Not a Man and a Brother?" The object was to make you look immoral if you retorted, "Hell, no!" Mad-dog Christian fanatics were busy setting the stage for the worst bloodbath this country has yet experienced. (WWI and WWII inclusive, the Civil War claimed more White American lives than any other.)... The issue was a religious one on the part of all the forces driving toward war and not one of property, politics or even the Constitution. Plain, old-fashioned religiously fanatical egalitarians were responsible. The legend, "In God We Trust", first made its appearance on U.S. coinage at the time of the Civil War.

This opened the way for the first marriages between Blacks (who previously had paired off and mated like any other animal), and marriages between Blacks and Whites (because, after all, if two people "love" each other and are good Christians then what the hell?). The purest, most healthy and beautiful White child would be condemned as a "bastard" by these same mad-dog Christians while a real racial bastard product of mixed parentage would be blessed by them, depending solely on whether or not they had their marriage vows solemnized in the prescribed Christian manner. Today it is still found that some ministers will refuse to marry two people if it is found that both have been divorced. But a racially mixed pair neither previously married - will be immediately joined in "holy matrimony".

This is as bad if not worse than the criminal tampering and twisting that's done with the U.S. Constitution, making anything and everything that so happens to have been whelped on this piece of real estate an automatic "citizen"- therefore "equal" to all the rest and wide open to all the "civil rights" invented or created in his behalf. But to do away completely with the reality and the ultimate importance of RACE in preference to some magical, mystical harum-scarum is no more than insanity. And when applied in an organized, enforced manner, it becomes CRIMINAL insanity and MUST BE STOPPED.

In two World Wars, German soldiers went into battle bearing as part of their uniform this motto: "Gott Mit Uns" ["God is with us"]. A lot of good it did them. In every war between White Men of different European countries, the leaders and combatants of both sides prayed to the same God from the same Bible for blessings and victory. White Men have been killing each other for two thousand years in the name of the same religion. And if nationalistic frictions weren't present, then a religious "Reformation", etc., took place to get the blood bath started up again. For what? So that "God's will" may be done on earth as it is "in Heaven". A hell of a lot of

responsibility in the hands of those who interpret just whatever "God's will" might be at the moment...

The ENTIRE ESTABLISHMENT is guilty of wholesale treason - the Church included and as far as I'm concerned, it will be situation of, "Up against the wall, motherfucker!" Ever notice the similarity between the tenets of Christianity and those of Marxism? They both negate race and private property; they indulge in brainwash, treason, subversion and have resorted to torture and war to get where they want to go. Supposedly a movement for the poor, the hierarchy of both is filthy rich... The liberals and Marxists would have you mix with Negroes on earth while the Christians would have you mixed with them for the rest of eternity. (That would be my own idea of hell!)

What follows is a quote from Mikhail Bakunin, a Russian nobleman, anarchist, and atheist in the Nineteenth Century. Bakunin was not a Jew nor was he a Marxist in any form. He saw what had taken place in his country and arrived at certain inescapable conclusions - *"The idea of God implies the abdication of human reason and justice; it is the most decisive negation of human liberty and necessarily ends in the enslavement of mankind both in theory and practice. He who desires to worship God must harbor no childish illusions about the matter but bravely renounce his liberty and humanity."* ...these are essentially the same conclusions we must realize here in the United States today. That the entire Establishment has long since been subverted from within by aliens, by traitors and by the corrupt opportunists. The entire structure of this society, all of its institutions, etc., have been turned meaningless, rotten and actually dangerous and destructive to the interests of our people. The plain fact is that the Church is a part of this, a very large part.

Most of our readers already are well aware of the conditions prevailing in Germany under the foul Weimar Regime with the alien domination and

the resultant decadence during the 1920's. Very few realize what the conditions were in Russia from about the turn of the century to the time of the Revolution. They were the same. The Czar's problem was that he was an early forerunner of Jimmy Carter, not a tyrant but a Liberal suckhole who betrayed his people and his empire. The whole ruling class of Russia at the time was with him in this betrayal. A war was lost to Japan in 1905 and another lost to Germany in 1917 through corruption and ineptitude. (Look at the U.S. experience in Vietnam and Iran .) "Russian Roulette" was coined at this time as a pastime for the totally burnt-out, idle rich. (Look at our drugs and suicides.)... And all the while Russia was a land of churches, more and bigger all the time. Yet events continued on an ever-increasing downhill grade for that country until the System finally went bust, along with the land and the people.

Today the United States is the most "church-going" country on earth. No one... would attempt to deny that the U.S. is also the modern day Sodom and Gomorrah. Con-artists and Big Brother fellow-travelers preaching a "return to God" and "Moral Majority" are becoming MILLIONAIRES while this country sinks ever deeper into a nightmarish, real life, earth-bound HELL. The more churches and the more religion, the more corruption and the more decadence...

Marxism and Christianity are both religions and philosophies with long lists of rules, tenets, parables, gospels, heroes and idols, gods and martyrs. To this day they file past Lenin's tomb on Red Square to view his embalmed corpse and today Christians are going bananas over the possibility that the Shroud of Turin might be the actual burial cloth of Jesus. Same kind of morbid death fixation. (Hitler's final orders were that his remains were never to be found.) The greatest similarity between these two ideologies is that all their monumental dogma is based on fear, enforced by ignorance and with falsehood as their objective. It has brought the world to where it is today.

In man's quest for reason and order in the universe and in his desire to elevate himself from the rest of the animals roaming the planet, he invented God to answer all these needs. Every form of human being did this in the beginning, each in his own way, but there the similarity ends. From that point sprang the actual doctrine, the code, etc., and each separate race on this planet gave its own peculiar stamp to society-building and personal conduct. If we are to be original and authentic in what we believe, profess and practice, then we should return to the philosophy of our Northern European ancestors and hail Odin and his host of Norse Gods. It might be a flight of fancy but it would be at least natural, normal and healthy for our people to live by the religion which arose from its own blood at the dawn of time. But through various quirks of fate, through the machinations of schemers and manipulators, the White Race got stuck with a noxious and repulsive religion cooked up in the twisted brains of a handful of Semites in the Middle East known as the Essenes. Over the centuries and through a dozen or more schisms it is known today as Christianity. It is alien to our blood, to our natural instincts, it is false and deadly and its organized body at work in the world today is dedicated to the destruction of the White Race. It must go...

We feel it would be a mistake, a retreat, to return to the dim, distant past for an answer though I agree we must rediscover our ancient heritage as there is much to be learned from it... Just as the Aryan Race is the highest order of being yet produced on this planet by nature, so too is National Socialism the highest, most sophisticated and advanced creed yet formulated by the White Man for his own betterment. Nothing more than that today exists, nothing more is required. It represents all of our needs.

The message of these SIEGE segments is not a negative one. It is however an important one: we cannot afford any longer the stupid mistake of mixing and confusing our goals and priorities like so many Right Wing types

have done in the past. "For God, Race and Nation", is an example. We cannot allow any foreign, alien moral code or dogma to cramp our revolutionary style and, when the big clean-up begins, no criminal will enjoy any hands-off privilege just because he may be a master of hocus-pocus or mumbo-jumbo. Our march toward revolution will not be blocked by any rules of the Establishment and our revolutionary New Order will be absolutely free of any trace whatsoever of the old.

7.6

The sweet "We told you so" anticipated during the 1960's has been taken from us. It has arrived full force and there still remains no answer for it. Nor is there likely to be one. We warned of this then and because of it we were "lunatics" and in spite of it we are still "lunatics" today. This at last should awaken and explain to the most hard-headed among us the true nature of the situation. We are witnessing the collapse of an entire civilization. Certainly not just what Rockwell called the " American White Constitutional Republic " for which he fought, but the entire civilization of the world. The jungle is reclaiming inexorably at present and, with only a slight slip of the wrist, could overtake very suddenly.

7.7

Which could be lowest, the Jewish Systematarians or White capitalist traitor, or the hordes of don't-give-a-damn "White" fun-seekers and escapists? Somehow, I can't find it in my heart to hate anyone with a direct purpose - however vile - nearly so much as an irresponsible shirker. Of course they work to pay the usurious cost of living, but, at that, only so as to be able to chase more "fun". No higher purpose, no direction whatsoever. They literally have no legitimate excuse for living! Wouldn't it be hell if one day,

in order to go on living, an acceptable reason was required? "In order to play more 'Donkey-Kong'?" Have a nice forever...

Degeneracy is degeneracy whether morbid or "recreational". Isn't there enough real work to do? Aren't there enough real battles, real challenges to fight and tackle? Fanatic that I am, I look upon such things as playing golf in the midst of a crisis like this, about the same way I do slamming a needle in one's arm. Let's look forward to the day when we can hand these golf and tennis players shiny, new picks and shovels! These decadent slobs trying out every perversion on earth on the flimsy excuse of "trying to find themselves" only really need a good chance to concentrate in order to find themselves. Maybe if we sent them to camp... concentration camp...

Commander Rockwell said that, "ONLY FAILURE IS IMMORAL." Anyone could expand that to mean that anything not contributory to ultimate success of the Revolution is immoral. You live, you breathe, you wake, you sleep for the Movement, for Revolution. You live as though an all-seeing eye is watching and will one day pass Judgment. And you make damned sure that you won't be counted among those others, not even by accident.

7.8

How can there be any talk of "injustice" when our sworn Enemy holds all the power? What can you expect from a mortal enemy other than to try and wipe you out, any way and all? There is no middle ground, no one to go crying to. There is only ourselves and our Enemy, whether any particular minion of that Enemy is conscious and energetic about his role, whether he is merely going along with the current flow, or whether he simply chooses to turn away and let the chips fall. But one thing is certain, nobody gives a damn about a crybaby anymore. Let there be no more talk about injustice. Let there only be talk of WAR!... It is criminal and cowardly to hope to

avoid it. It is best to be ready to perform admirably when the time comes. No lambs to the slaughter.

If this isn't WAR, what is it? Before this is all over, most if not all of us will have faced, more than once, the ultimate reality of 'kill or be killed'. For many of us it will be kill AND be killed... Only a coward and a shirker could expect less. There is no going back. Let us not cheapen the enmity we are locked into by crying "injustice". Let us instead ready ourselves to withstand the worst that the Enemy has to offer and, at the same time, each swear a personal oath: swift and unceremonious death to our opposition so that FINIS can be written to this Life-Death struggle for all time.

7.11

We're down and out for a very simply reason: we have no place in what's going on. That's also why we're revolutionaries... You must be prepared to go it strictly ALONE with no one to depend on and no one to complain to. You'll discover that to really be outside and against the System is a total thing, not halfway or part-time as many have pretended in the past. Anyone thinking they can step outside Master's rules only to the extent that Master doesn't notice or object is self-deceiving and worthless to the Cause...

You'll become physically and mentally tough. You'll lose any fear. Minus any fanfare or uniform of any kind, even with your commitment a complete secret, you'll stand apart and inspire wonder and respect. You'll in fact be a leader. You'll become resourceful and can make do with nothing. No situation, no opponent will daunt you. You will no longer be "victim" material. You will cease to be part of the herd of sheep but will instead have become a lone wolf. Your inner spirit will feel satisfied because you will know that you are - probably for the first time in your life fully a part of the quest for actual survival rather than for temporary pleasure and false

"security". You'll be rich in your manhood or womanhood. You won't be a slave...

Let there be no room for doubt in the coming disaster, regardless of what form it may take or what timetable it may keep. That, as we have said, will be the Day of Judgment... Amidst the sudden hell and chaos, what will the sloppy and lazy ones do? For ourselves, we'll hardly notice any change for we'll feel right at home.

7.12

It's not on OUR own but on YOUR own. After all, how much help can I expect from you and how much can you expect from me? Quadruple this in times of great stress. Let's face it, we are islands, for the most part, and the quicker we face up to the fact, the sooner we'll be able to deal effectively and intelligently with it... Anybody can stand in a mob or with an army. Few can stand alone. These are the only kind we want... Being a martyr - or dying as one - really requires being A-L-O-N-E. Human types are a breed of animal that are social as hell... Which brings things around to the greatest source of fear of being caught alone: loss of security. Security, even in a military sense, is a relative thing at best. Taken in any other sense, it becomes an illusion. They talk on about "job security", "family security", "home security", "social security", etc. The way to terrorize and CONTROL these people is through control of the money system. And this is exactly what we see today. Big, burly men will cry and crawl, beg and plead, even blow their brains out with enough of an applied financial squeeze-play. It's a miserable and disgusting sight. I can't feel any pity toward them because it is they who chose to accept the rules of the game from the System. It is they at the same time who curse me and my kind as no-goods because we don't punch a time-clock or otherwise make slaves of ourselves.

The other thing which prevents most people from being willing to stand alone is that they don't have any reason to do so. None whatsoever. These are of course "the masses" and I don't condemn them for anything except when they break bad with me for not only having a cause but also my standing up for it. They live only to produce and consume; to masticate and defecate. Wasted exercises in protoplasm. Here only to breathe the air and take up space. No really valid reason for living. Show them a real cause and a real act and they'll hate and resent it because it makes apparent the bottomless futility and insignificance of their own lives. The furthest "cause" or "belief" they know or will accept or will admit is today's washed-out, washed-up, homogenized and mass Christianity.

Being on your own, strictly speaking, has its disadvantages. But these are the kinds of disadvantages referred to by Hitler and Nietzsche as being the makers of superior, truly great men. Personally, I don't know of anything, however small or insignificant on a daily basis, that isn't some kind of struggle. And mostly these days it is financial. So be it. I've often enough said that economics is the key. Not those that have it but those that can live without it. I've already experienced the rest.

We need and want professional revolutionaries. Men who are truly tough... inwardly where it counts. Men who will not flinch at anything that they themselves have to endure, much less anything which they may inflict upon the Enemy one day. We need a large band of those "flint-hard personalities" - the kind of which, though they may have been of alien blood and creed, took over Russia when the roof came crashing down around the ears of a rotten and decadent ruling class, one so very similar to that which exists here today. We each tread that course alone, as it must be. We'll each either arrive at our destination in full figure or we'll have perished along the way due to some weakness... alone.

7.13

It can happen that an oasis of thought and purpose can arise in the midst of a barren desert. To be sure, no propagandist injected any of the philosophy we share into our heads. It was there all along; it was there at birth. It required only development, enhancement, maturity. We are not the brainwashed ones as the fools and idiots claim. We are the few that REJECTED THE TOTAL BRAINWASH job being put forth by the System media, the same job that has been going on non-stop, twenty-four hours a day for the past forty years or longer, under which three generations have been warped and bent. To have stood immune to this poison - deliberately made inescapable - is something truly miraculous but we few did it and went on to codify our own beliefs independent of the media hype and all its diversion. We should congratulate ourselves for this remarkable feat.

We are familiar with the concept of the mass taste as dictated by New York and from Hollywood , the "styles", the "fads", etc. The "two sides" to everything that are conveniently supplied by the same source. The catch-words and phrases and personages that are sanctified or damned by the Media Masters. We can see that, despite all the hell and unrest, nothing is ever really said or done to significantly rock the boat by any of these so-called "protests". Though many words are used, nothing profound is ever said. We already know of the idle gripe and the idle platitude.

The point is that probably only one out of ten thousand has an idea in his head not planted there by some outside source. Those unable to THINK independently, on their own, have no chance of doing anything else.

7.14

We have all seen the phenomena which tend to spell out that there is no longer any dependability; that no one's word anymore is worth a damn.

They'll agree with you, they'll tell you they'll do it, they'll be there or they'll have it, and they'll look you right in the eye, maybe even give you a dish-rag handshake. Come the appointed hour and place, zero. Excuses will be as imaginative as they will be aplenty. It is only par for the course nowadays. Lots of talk and no action. Spinelessness. The log-jam in the courts and the proliferating over-supply of lawyers in the country says the rest. George Lincoln Rockwell advocated the return to dueling in order to wipe out this mess and restore honor and value to man's word.

Compare things today with Hitler's remarks at the Sixth Party Congress at Nuremberg when he said that the legions of faithful present had been summoned only by the command of their hearts.

Strange that these other types can only be made to perform regularly and with some dependability through the knowledge that doing otherwise will lose them their livelihood. Job slaves; money terror. How many on-the-job hotshots with padded billfolds, cushy positions and all the rest have each of us encountered who cannot or will not perform dependably for the Movement, i.e., on their own, for themselves, for their Race. THAT is the true measure. It means that ANYONE can be paid and prodded into some service or routine but to perform faithfully and well in the service of one's inner calling - assuming one has one - despite any hardship, is rare indeed.

7.15

When a society has lost its normal health and vigor and no longer cultivates true discipline upon its citizens, then it has to come from within: SELF DISCIPLINE... This is the cement among the sand, gravel and water, without which all the rest is but soup.

7.16

Jews and the System know how to play these [liberals] like a violin. Commander Rockwell said that it was because of the high level of development of the abstract virtues or "advanced instincts" of charity, decency and fair play found exclusively among the best racial types within the White Race. The Jews have done an almost complete job of perverting these instincts into the Negro-worshipping mania that is everywhere today...

My argument against pure intellect, or I.Q., or the placing of too much emphasis on its importance, is simply that it is but one more physical attribute, or blessing, if you will, to be USED by the possessor. And it can be used for good or evil. Most of the slimy bastard, lawyer-politicians ruling this land today have exceptionally high I.Q.'s. It only enables them to tighten and maintain their ruthless and destructive hold over the rest of us... Jews, of course, as a group are known for their power of intellect. So what does this prove? That intellect is only a tool to be used, or a weapon to be wielded...

Intellect doesn't MOVE people, if anything it serves to hold them back from bold and daring action. A stone coward – by use of his intellect - can come up with a thousand perfectly plausible covers for his cowardice. The same swine that hold political office today use intellect to swamp the simple people in massive confusion and colors of gray... Of what benefit was intellect to any guy out to seduce some female?... Of what good is intellect to its owner in the instant that sudden violence occurs?

Instinct - a healthy instinct - stands second only to pure blood in vital importance. Hitler in *Mein Kampf* said that loyalty took precedence over intelligence, and loyalty is but one by-product of instinct. Aside from pure blood, nobility is found in the instinct. Facts can be distorted but the "sixth sense"- where it exists strong and unsullied - is well nigh impossible to deceive. Instinct is the product of eons of evolution. So-called "intellect" is

measured by the amount of "information" one can store in one's head, whether that "information" be essential or rubbish. When it comes down to male/female relations, it's a matter of what animal signals are sent out and how well the other party senses these. In combat - animal, one-on-one combat - instinct takes over completely and the intellect shuts down so as not to impede the organism in successfully fighting to preserve its existence.

Only man in his ignorance, pride and conceit, his off-base worldview with himself as the center of the universe and above Natural Law, has made possible the awful mess people are living in today.

But did you ever notice how people with healthy instincts rarely need to be propagandized or otherwise "straightened out"? Those who require propagandizing can only at best hope to make up a class of distant followers, never leaders. Leaders and the Leadership Cadre itself must be able to serve as their own guiding light and their own inspiration, they cannot be skaters who need to lean on anyone else or be carried when times are tough ("Nobody ever told me it might be like this!"). Total instinctive awareness is far superior to any number of years in a university...

Regardless of the degree of any success the Jews and the System may have had or shall have in the future in making the walking dead out of otherwise healthy, happy human beings, the number that somehow manages to hold on - through some fortuitous genetic twist - and resist the poison will respond to the call when it comes from the right Leader. The rest, as we can clearly see already today, are of no use anyway...

I've said in the past that when it really starts to happen it will happen FAST. Right at the moment nothing is happening. Nothing except our enduring this most tiresome, agonizing and potentially discouraging phase of the struggle when nerves and spirits are tested to the utmost. The instinct for action cannot be fooled. It will not respond to a false alarm. Nothing half-hearted will strike fire. I've seen many small sparks made. I've seen the

pattern of how it works. When the current is running through you - and only then - it can be transmitted to others and the process of making an army has started. I did it myself again last month and worked a last-minute miracle in court. Of the small army I contacted the night before, not a single one failed me. Some got out of sick beds, others left their jobs in order to be in court at 8:30 am, in order to be there for that purpose. A real purpose, not bullshit.

That sort of thing can only happen fast. Dragging it out will kill it surer than any action by the Enemy. And what has the Right Wing been known for these umpteen decades other than DRAGGING IT THE HELL OUT? People get TIRED. I am tired but I also happen to be one of the tiny few whose guts are on fire permanently. Most people don't have the capacity or the desire for that. Massive-scale, high-performance output can only be maintained for short periods. A successful revolutionary will know how to get it, how to direct it and how to secure rapid results before it dies down...

Other than members of the hardcore, the rest will respond only to a visible, known and familiar Leader figure. And down through the ranks that pattern will follow. Personal loyalty has historically been what the "hinge of fate" has turned upon. Owing to the split-second dynamics (historically speaking) of great revolutionary movements, this is well and good... Hitler knew that as Leader of the world's most crucial revolution he had to move fast lest he die and his revolution flounder without him. "He spoke with the eloquence of emergency", and the current which ran strong through him was conveyed to all of Germany.

Those who are already committed to the struggle, whether win or lose - these are the ones who need propagandizing and politicking so as to hone themselves up to maximum ability. If we try that on people who are already waiting for the Leader to appear so that they may follow him, we will alienate and lose them. THEY DON'T WANT TO HEAR IT. Hell, I don't

want to hear it. If anything, the instinct is the only "soul" any of us will ever know. The only God any of us has exists in our bloodstream. Let us hope that the God within will provide our souls the answer to the dilemma we face and give us the strength to lead our people. When we begin to lead naturally then a hundred years of brainwash and distortion will be smashed in an instant.

7.17

Pavlov was the Russian scientist who experimented in conditioning dogs through the use of flashing lights, ringing bells and even electrical impulses at their feeding time. Once the dogs had become accustomed to all the artificial and extraneous conditions and had come to associate them with the most pleasurable and essential matter of eating, the experiment was proven. Place the food before the dogs without the lights and bells and the dogs wouldn't go near it. Flash the lights and ring the bells and the dogs would slaver at the mouth even in the presence of no food. Humans don't like to think that they are no different in their instincts and reflexes. How perfect is the System's brainwash and conditioning apparatus! It is total and complete! No matter who you are, where you are or what you are doing, if you have on a radio, record player or television, the System is there and you are being conditioned. The logical result has been that all this noise and claptrap has become social ritual. Without it, forget it. You're not a part.

7.18

Most people run like hell at the first hint of real trouble. But their idea of "trouble" is so ridiculously low-threshold that the word itself loses its meaning. I have two ideas pop into mind at the mention of the word trouble: one, a violent, physical confrontation, one-on-one or between very

small groups, wherein death or serious injury could come at any second. And two, a bottomless pit of quicksand involving an arrest and prosecution by the System which could result in, again, death or permanent loss of liberty. That, to me, represents trouble and I've run the risk of it routinely for eighteen years. Anything less than those two merely amounts to varying degrees of a pain in the ass...

Violence, hardship, jail, ostracism and all the rest are those very same dark places of the brain and the experience that all "good citizens" are supposed never to know. We, as professional revolutionaries, know them quite well and are on daily, intimate terms with them. We, as a result, don't scare easy... Only physical annihilation - or the immediate prospect of - should give us any pause. The rest is garbage and it is for the teeming BILLIONS of the earth's swine to cower before the remainder, just as Haitian savages would before voodoo.

It's been said that pressure makes diamonds and no truer words were ever spoken. I've had often occasion over the past twelve months to comment that you never know a person until you have known them under extreme stress. Most, instead of becoming diamonds, are reduced to coal dust in a hurry. But without these live-ammo exercises in daily life well before revolution spills over into the street, how are we to know really who is who? How are we to know in fact who we are ourselves unless we are TESTED?... Only when you tangle with a REAL ENEMY who can cripple or kill you if you make a single false move can you accurately gauge your prowess in any area.

When situations get hard it first of all causes one to take a true stock accounting of the people and things around him. At those times he can see the clearest of all... because he must if he is to fight well and survive. Just as the hardest tests cull out weak individuals, it also cuts out weakness in the strong individuals and this is what accounts for the phenomenon of the

strong getting even stronger under fire. The hardest trials are the great leaveners of men. Performance under prolonged stress is the only way of knowing because all of the rest can be faked. Commander Rockwell called for men ready and willing to march into hell with him. He got only a handful but look at the legend they created in nine short years! What could be done with a thousand? Ten thousand? Conflict and adversity should be viewed as no particular problem, no big deal. Just as part of the job. It comes with the territory. Once we see how we can deal with it and overcome it, and once we recognize what it does FOR US, then it should almost come to be viewed as an old and welcome friend. We must know the ways of adversity and be comfortable with them. Those who fear adversity and who spend their existences trying to keep it as a stranger, may the Devil take and sacrifice!

7.20

In this saddest period of Man's history when all do indeed either fall silent or become untrue, when all meaning and purpose seem to fade and vanish and it is either difficult or impossible to believe even in one's self, to whom can you turn for the strength to carry on? What can provide the jolt to the senses to snap you out of it and put you back on the fighting track? Who else but one's own circle of enemies? When you wouldn't carry on for so-called "friends", after you've already given yourself up for dead, when even the Cause itself appears lost, as long as there are those personal adversaries out there who might just gain some tiny degree of vindication at one's fall, there has always been given the one, single reason to go on to the end. Beyond the absolute fact that a man without enemies is worthless as a friend, there is the equally powerful truth that a man's enemies can and do serve a definite use in his life's struggle. Again, when everything has lost its meaning and worth, the presence of a string of enemies can provide a reason for life. I've never been disappointed or betrayed by an enemy. To them, I

am Number One and rate special attention accordingly. They do me honor in this way when all others have forgotten or turned their backs. When life itself has taken on every aspect of a bad joke it becomes reduced to a kind of game where the object is to keep building, keep winning for no other reason than to confound one's enemies...

No, my enemies cannot undo me. Only I can do that. As long as my enemies are around, new ones coming after the old, then they shall be my own best defense against that by keeping me constantly alert and on my toes...

I do not fool myself in false sentimentality about it. Enemies are enemies and, if allowed to build up or join forces against one, then he has invited his own doom. I view it as a war and a war it is indeed. I will kill them if I can. I owe them much - call it vengeance or call it justice, whatever you will. As with most larger, more important things in life, I fear I owe them more than I can repay.

7.21

Dreamers are forever building "parties" to "take over" the country and "clean things up". No, as I have said in the past, this is Death Watch 2000 and only the most grim and remorseless can hope to make it all the way out to the end and be around for the final body count. This is where I intend to be.

Not only is this where revolution begins, it also happens to manifest itself as what the simple-minded and quaint see as "evil". Nietzsche would understand but precious few others could ever cope with it. Damned few can understand what it means to write your own rules as you go along. Or doing whatever it is you have to do at the moment in order to get the mission accomplished. And only a fraction of a percent know what it means to carry on in this manner and yet possess the highest calling, to give a

damn for nothing as it exists in the present circumstances and yet proceed in a coldly methodical pattern ever-toward the highest ideal. Most aren't capable. In order to be to able to do this then, one must arrive at an understanding of those masses of people which surround him.

The masses are approximately the same regardless where you find them or during what time you find them. They have a way of killing their Christs. They'd kill us if given a good, clean shot at it. A whole world full of one, big Parisian mob. Never at any time are the masses to be found "in the right" of the most profound issues. By the time they have accepted these, they have long since gone stale and flat, just as with Christianity. They will forever reject and try to destroy that which is new and vital. This much of an understanding is necessary if one is not to bash his own brains out in a vain and gullible attempt at setting the world straight (a world, by the way, that doesn't want to be set straight).

7.23

Blacks and Whites alike are fools because neither side fully understands or appreciates the reason why things are the way they are. Blacks believe in their newfound "invincibility" while Whites are convinced of their own "guilt" and impending end. Forgetting even the numbers involved for the time being and just removing the hidden, alien, Jewish factor and the situation would begin to reverse itself practically overnight. A simple matter of control - who's doing the controlling and to what end? The new wave of thought within the Movement states that we must stop thinking that the forthcoming end of the System and this society means the end of the White Race or of higher culture. A defeatist will hold to that outmoded line but a revolutionary will see the coming, gradual collapse as a loosening of the very CONTROL that has led up to all of this in the first place. The intrepid won't worry about the end to convenience, luxuries and amenities

that this coming collapse will mean. Those who do allow it to concern them will, in all likelihood.

To associate the facades of this crumbling civilization, the lifestyles and values of this decadent society, the "knowledge" of this backward culture, with the life of the White Race as it effects the limitless future is to express a kind of oneness with and a desire and a willingness to go down with it... to the bitter end, waiting for some god to bail you out at the last possible moment.

There is no "if" factor: if we lose, we lose on our own, all alone and we'll have lost FOR GOOD. If we win, it'll only be because a few of us but certainly enough of us – got smart in time and made the right moves... We can lose and we will lose unless we do something to change the situation. No one and nothing outside of ourselves can or will step in to save us...

I'm a believer in clear thought and strong action. I believe we are our own "god" and control our own fate. And I know that we can't leave any of this to chance or to an "if".

7.24

I have always attacked moralism. I am not - nor have I ever been - a moralist. To me, that is a person who has been taught and who preaches a set of behavioral rules which run contrary to their nature. Consequently, they are forced to maintain practice, to hold tight vigilance over themselves and even their thoughts and to live their lives watching their step, so to speak. Human nature being what it is, they slip up regularly and must come crawling back to their god asking for forgiveness. And the cycle starts all over again...

Immoralities arise from frivolities, trivialities, materialism, leisure pursuit and a dissipation and rottenness of spirit. And the constant preaching

of morals is a sign of an intrinsically immoral society. Certainly the revolutionary attacks conventional "morality" as the height of hypocrisy.

As with the "sportsman" and the hunter, as with the dog and the wolf, one kills for the pleasure of it while the other kills because he has to. There is the morality. Everything the moralist does, he does in order to fool somebody, if only himself. In order to make the appearance of being "righteous" or in order to steal a few moments of physical, animal pleasure.

Everything the revolutionary does, he does because he has to. There is the justification and there lies complete and total morality. The revolutionary does nothing "for the hell of it", does nothing "for the fun of it", does nothing for the gratification or diversion of it. Revolutionaries possess the highest goal, the highest calling and, therefore, anything is allowed. And in this same regard, it was Commander Rockwell who said, "Only failure is immoral."

7.26

It's too much to expect that these fools will be aware - or are aware now - of what's happening to them. There'll be no opportunity for "I told you so". But if we drop ALL nonsense right now and take only appropriate steps henceforth, we might just be able to hope that we will ESCAPE a wretched fate in common with those vast multitudes who so richly deserve it. If you're caught out there amidst the throngs when the time approaches, madly, futility screaming and waving your arms in warning, you too will be trampled by the same Four Horsemen of the Apocalypse...

What we may hope for - realistically - is the total consumption of these people, together with their rotten System, before our eyes and through their own evil. What we may work for - realistically - is our own physical salvation, the maintenance of the quality of our lives, in order that we or

our posterity may be the last on the scene, to have, in essence, inherited the earth...

The fight to survive will be a full-time job. Leave the rest to themselves. That is the worst penalty. Slime to slime. In the end, we will remain and our hands will be perfectly clean.

7.27

History's judgment is shifting and coming into focus gradually on that large chunk of the U.S. population least worthy of a place in any future. The middle class consumers are not only getting their full money's worth from their efforts at keeping the economy and the System going by working their pig jobs and paying their taxes, but they'll be receiving huge dividends in times to come. They keep in line, keep voting, keep the Beast System alive and in power and, in return, they are raped, robbed, beaten, murdered, betrayed. They and their children are turned into vile things not resembling actual human beings. Their numbers are reduced while the numbers of the colored are increased.

They are among the first to disown and attack us and to embrace the World Enemy. And for this they will continue to take the coward's pummeling from their hard taskmaster in exchange for a few more months or years of cheap, plastic thrills and hollow pleasures. While we are under some of the worst pressure we'll ever have to face, today, in the present, and while they go about making money as part of "business as usual", the question in the backs of their minds must be: what, if any, future this all has. We, on the other hand, have little to worry about. When the final awakening comes, and catches probably the majority of the rest completely unprepared, they'll experience the agony of how it could be happening to them. Those of us still around at that time will be saying over them, "DIE, GUY!"

8.1

The historical facts as we know them tell us plainly that... the Second World War, a war that was forced upon Germany, not a war that Hitler sought but a war engineered by Big Brother forces to get their master plan, i.e., world government, back on track after Hitler had messed it up in 1933. As not just a few Jewish and pro- Jewish writers (as opposed to true historians) have openly stated in their books. Hitler was the one personage and event of the Twentieth Century that wasn't supposed to happen. That means that he wasn't planned, at least not by them. The Federal Reserve System here was planned; the First World War including its outcome was planned; the Russian Revolution was planned; the League of Nations was planned; the destruction and betrayal of Germany to Bolshevism was planned as the linchpin to Lenin's world revolution and nearly was an accomplished fact. But in came Hitler...

8.2

Hitler's personal qualities which clearly come through in Mein Kampf(a hot potato for the Jews as they can't burn it or otherwise suppress it for fear of drawing too much attention but can only forewarn you that it'll "bore you to death") are painfully striking in these "modern" times. Total honesty, total conviction and total courage. No compromises and no evasions. "Here are the facts, here is what I'm doing - what are you going to do?" Hitler was a humble man and a man of the people if ever there was one. What he wanted he wanted for Germany and the German people, not for himself. He would have had Germany win the First World War - in which he risked his own life many times - so as to have been just a small part afterwards in its national life. He would have rather helped someone else in the task of

resurrecting Germany after 1918 but, then just as now, everybody seemed to be waiting. So an honest man of the people did it himself.

Aside from positively infuriating the behind-the-scenes Big Brother Systemites in Moscow and New York, Hitler caused unlimited resentment and chagrin among the stooges of the System of his day because he wasn't "qualified" to do what he was doing, he didn't have the social "background" for world statesmanship which he had assumed in the role of German Chancellor. It was this latter resentment among petty European, nominally "White" politicians that facilitated the war that would erupt in 1939. They claim Winston Churchill to be the "Man of the Century" but friend and foe alike should stop and ask themselves who'd remember Churchill today had not Hitler entered upon the scene? Churchill was their mostwilling and handy tool and as soon as his task was performed, he was discarded by them.

Which brings us to the pivotal year of 1945. No real history has been recorded since 1945. Nothing of a positive, upward nature has occurred since then. Some technology has been developed which threatens to destroy us all. Some infectious diseases have been curtailed while degenerative disease now seems to be in all our futures. Civilization is crumbling and dying. And they say "the best man always wins"? Yet we, as National Socialists, are aware that Hitler and Goebbels and thousands of others were talking about ultimate victory even on their personal day of demise. Was this "propaganda" or were they "insane" as the Jews and their friends tell us? Any intelligent mind should know that no man and no organization of men can achieve what Hitler and the NSDAP achieved by telling lies and being unbalanced. And there is no way that a sacrifice of the magnitude of Germany can have been for nothing.

8.3

People, even National Socialists, get the two dimensions of Hitler mixed up and, thereby, lose the actual concept of what he was in reality. There was the inspired philosopher and reformer, then there was the inspired politician and statesman. History has been full of the first type and equally full of the second type but NEVER TOGETHER IN THE SAME MAN. Aside from this. Hitler was entirely a man of his people - racially, psychically, culturally. He was gifted with extraordinary personal qualities. He was entirely fearless, selfless, absolutely dedicated to his people. What he accomplished amounts to the greatest miracle in history. Against every odd there was the philosophy, the Party, the Revolution, the Third Reich and even the War itself. No one man has ever accounted for so much on his own - all within twenty-five years!

As far as we today are concerned, those who are living to perpetuate and advance Hitler's work, or at least live up to his example, need to understand what he meant historically. His Movement and his government represented the LAST TIME the workings of the old order would ever be harnessed and put to use FOR THE GOOD of the Whites of any respective nation. Hitler was the LAST CHANCE for the revival of Western Civilization. And so, in that sense, it is practically useless for us to attempt to emulate him today, for that phase is PAST. For those who are aware of this then, the choice is clear but it is not easy: either dream in the past or live in the present, at the same time while FIGHTING for the future.

8.4

Should a great mind and personality exist with the potential of becoming another Hitler... such a mind would by nature be committed to a course of open action, just as Hitler was. He would waste no time in

gathering followers and in making himself known to the world - and to every household - in his own original way. But how? And what would be the world's reaction as well as the reaction of the individual? One way of knowing is to recall how the world reacted, and still reacts, to Hitler. The Jews are cunning and the individual is blind and stupid.

Someone of an extraordinary nature must be among us somewhere in one guise or another. Not one more faker either, but truly a personality of extraordinary proportions. When one takes into account that Hitler was joined by many great men then there is room to accept that more than one might - must - exist today. The times are still early, historically.

8.5

Forget about knights on white horses or a stereotype Right Wing superhero in a three-piece suit. Forget about middle America or any one of those slobs arising out of the middle class or the "Silent Majority". Expect them to remain silent throughout... In fact, no one who says he is it is likely to BE it.

You can throw out all the old rule books accumulated over the decades. You cannot discover the right man either by searching through the System or its media or by him trying to reach you through the media or the System. He will not proceed by established rules. Avoid all the symptoms of "head-up-the-ass syndrome" if you are to keep your eyes open wide: moralism, squeamishness, prudery, bourgeois hang-ups, Right Wingism, reaction, etc. Stop looking in all the wrong places...

The right man would know instinctively or would learn very fast that the System would never knowingly allow a real leader of the people to arise. Therefore he will never represent himself as such. This all at once rules out the fakers and the assholes. He would be well aware of the state of the masses of people and would therefore not be a politician or follow a political

course geared to a hope of a mass following. He would know already that the people cannot recognize their own leader. He would see that a formal movement or organization cannot be successfully built (the System won't allow it) and therefore his every move could be expected to defy all convention. Being primarily a man of action, he would know better than most that the truth remains for the moment our only and best weapon. Therefore he would know how to put it to its best use.

Since the deaths of Rockwell and Tommasi there has not been a personality type to fill the gap of possessing a magnetic and commanding presence... The right man would have to be quality in order to attract quality types around him... This man would possess the power of the spoken word which is the spark to revolutionary action. He would most probably follow in the classic mold of greatness in that his apprenticeship in life would have been long and his "career" would have only begun at or about the age of thirty.

One other thing. He would know the value of symbolism and he would choose the Swastika as his symbol.

8.6

[SIEGE] is action-oriented, not idle chatter. The majority of the rest are great when it comes to telling it like it was or when it comes to singing the blues, both of which are very "safe" and even profitable. We however are more concerned with NOW and with WHERE WE GO FROM HERE.

Hitler and Rockwell were not mere philosophers or writers, they were men of action! Men who acted upon their words! Let us right now reclaim an old Anglo-Saxon word heretofore long since stolen and perverted by our racial enemies and used when describing their own minions to the unsuspecting world: men of "integrity". How often have you heard that applied to complete scum-suckers until the sight and sound of it alone is

enough to sicken? The definition of integrity in one definition - is simply COMPLETENESS. And, to me, this would entail a man who can think, speak and ACT. What this also then means is that men of integrity are hated and feared in this Movement. They are, in essence, LEADERS who, again, by their nature, threaten the livelihood of crooks and fakers. Rockwell himself wrote it again and again that the White Race is dying from a lack of LEADERSHIP...

Those bogged down in System thought-processes hate men of action but Rockwell knew, and as he wrote and DEMONSTRATED, the people will only respond to a man of action. Any other than a man of action is effectively INVISIBLE. The truth will not make you free; only ACTION. How easy it has been for them to suppress all our truth. Not so easily can they hide ACTION. It has the effect of leaving the fakers and the parasites standing alone and exposed as in the middle of a forty-acre field. It is electrifying. It is unifying. It builds the confidence to go on toward even greater things...

The man of ill repute today must one day go on to emerge as the Hero that he is just as our entire Movement must emerge as the saviour of an entire People. And the fever of action-orientation must break out of the isolation it presently is in and assume infectious proportions before our revolution can hope to sweep over the land, taking every obstacle in its path. But it all begins with the proper thought. Those with a lot of re-thinking to do had better get started.

8.7

Adolf Hitler represented the END of one world-historic era and the man who represents the START of a new one either has not appeared or he has not yet been recognized. This man, whoever he may be, will however definitely pick up where Hitler left off, of that we may assure ourselves...

First of all, would he not have to be totally APART, right from birth,

from this System and this Establishment if he truly were to be a prophet for the future of our Race? And, in terms of practicality, what would this mean? Might not it mean someone you'd hesitate to sit next to at a coffee counter? Would it not mean a total outlaw? Second, would not a man with such an historic mission to accomplish be one of extraordinary powers of personality, mannerism and speech? Would he not be a LEADER of exceptional magnitude? And would the System - could it - afford to allow such a man to roam free to do his natural work? Third, would this man with a sacred awareness act the part of our typical Right Wing fakers, i.e., a pretentious lout all decked-out in gaudy uniform and demanding fealty from a handful of pitiful defectives like some idiot? Or would he be found to be LIVING in his one-on-one existence in a microcosm of the exact same position as our whole people lives in, in harsh reality, at the very BOTTOM? He would be FOR REAL and in this world in its current state, "for real" means not very pretty. Have we the guts to look it in the face even if it means our own LIVES?

8.15

Today we have arrived at the point where traditional definitions of "Left vs. Right" no longer carry much valid meaning. To be "Right" is to support the System and the Powers That Be; while to be "Left" is to support mass or mob rule, in short, democracy. Can we adopt either stance knowing what we do? The answer of course is that we cannot any longer play the role of traditionalists or get caught up in the detached, unreal world of party politics which, in any event, is owned and operated by the Enemy. The System itself must go. The masses are entirely unfit to rule even their own daily lives. As long as the System survives it will never allow the formation of an alternate, incipient body ready to step in and take over the reigns of government following its own collapse. What answer then is left but anarchy?

... Only the TOTAL DESTRUCTION of this governmental form will work. Total anarchy is far preferable to the fiendishly diabolical, carefully manipulated destruction and betrayal now taking place... The gameboard is rigged against us and so we are constrained to kick over the gaming table itself... NEVER COMPROMISE WITH THE ENEMY.

8.16

Savitri Devi, in her work entitled, *The Lightning and the Sun*, describes for us an even higher type of man:

“...they are waiting for Kalki; Kalki the last Man Against Time; the one whom Adolf Hitler foresaw in 1928; the Avenger who will give them - or their children - the world.

“The last incarnation of him-who-comes-back - the last Man Against Time has many names. Every great faith, every great culture, every true (living or obsolete) form of tradition as old as the fall of man has given him one... the Christians behold him in Christ, present for the second time: no longer a meek preacher of love and forgiveness but the irresistible leader of the celestial white horsemen destined to put an end to this sinful world and establish a new heaven and a new earth... the one who will, in the interest of life, put an end to this age of gloom and open a new succession of ages.

“That last, great individual - an absolute harmonious blending of the sharpest of all opposites; equally sun and lightning - is the one whom the faithful of all religions and the bearers of practically all cultures await; the one of whom Adolf Hitler (knowingly or unknowingly) said in 1928: "I am not he; but while nobody comes forward to prepare the way for him, I do so."

“Contrarily to Adolf Hitler, he will spare not a single one of the enemies of the divine cause: not a single one of its outspoken opponents but also not a single one of the lukewarm, of the opportunists, of the ideological

heretical, of the racially bastardized, of the unhealthy, of the hesitating, of the all-too-human; not a single one of those who, in body or character or mind, bear the stamp of the fallen ages.

"His companions at arms will be the last National Socialists; the men of iron who will have victoriously stood the test of persecution and, what is more, the test of complete isolation in the midst of a dreary, indifferent world in which they have no place; who are facing that world and defying it through every gesture, every hint - every silence of theirs and, more and more (in the case of the younger ones) without even the personal memory of Adolf Hitler's great days to sustain them. They are the ones who will, one day, make good for all that Men Against Time have suffered in the course of history, like they themselves, for the sake of eternal truth: the avenging comrades whom the millions of 1945 - the dying, the tortured, and the desperate survivors - called in vain; those whom all the vanquished fighters against time called in vain, in every phase of the great cosmic struggle without beginning, against the forces of disintegration, co-eternal with the forces of life.

"They are time bridge to supermanhood, of which Nietzsche has spoken; the last battalion, in which Hitler has put his confidence.

"Kalki will lead them, through the flames of the great end, into the sunshine of the new Golden Age.

"We like to hope that the memory of the one-before-the-last and most heroic of all our Men Against Time - Adolf Hitler - will survive, at least in songs and symbols. We like to hope that the lords of the age, men of his own blood and faith, will render him divine honors, through rites full of meaning and full of potency, in the cool shade of the endless regrown forests, on the beaches, or upon the inviolate mountain peaks, facing the rising sun."

8.17

In 1924, in Mein Kampf, as all National Socialists must be aware, Hitler also said this: "THE MAN THEY HAVE MOST REVEILED STANDS CLOSEST TO US, AND THE MAN THEY HATE WORST IS OUR BEST FRIEND."

8.22

One of the reasons they fear and hate [Manson] so much is that he is a man totally outside their Money System: he is strictly of his own. Take the paychecks away from the cruds in this or any other area and they become invisible. Imply the threat of removing their paychecks and they become mindless slaves, quivering cowards. When the Money System collapses I think it would be reasonable to estimate that there will remain only about a thousand or less true White Men on the continent of North America. For what is the measure of a "consumer" if not the amount he is able to consume?...

The love of the Jews' money and - more than that - the FEAR of being without it keeps them in line and exacts from them the very essence of their lives... They hate their jobs but would sell the world to hell a thousand time before chancing losing them. They work to live. Life consists of paying taxes, paying private debts and incurring new debts for more minor luxury and diversion...

The quest for the buck. To go after the buck they scratch and wrangle for "training" and "qualifications" in desperate hope of edging out that White Nigger or Would-Be Nigger that they are standing behind in the applications line. You must be trained to pull that lever or punch that button!! Training? Garbage! The proper word is CONDITIONING! The Jewish or Jewish-stooge bosses in the businesses and plants are only interested in types mentally

geared for the menial, meaningless and repetitious tasks. If one imagines one needs real training for this sort of thing, if he believes it and wants it bad enough to go after it, then he has already demonstrated himself to be the kind of zombie that Corporate America uses to keep profits coming in. An intelligent White Man throws them into consternation. Didn't they abolish serfdom over a hundred years ago? This is the true "beauty" of capitalism. And it is at the core of communism as well...

Are you so bad off that someone must, as in the cases of the swine I've just mentioned, affix a carrot from a line at the end of a stick and lead you around like that? Do you not have it in yourself to move - by force of willpower - together into a mighty political instrument and submit the ego, again, to the force of WILL, in favor of whatever it requires to overcome the situation and master it?

8.24

That [Hitler, Rockwell, Tomassi] were National Socialists is not the one thing they had in common which is most important to be aware of for we who hold their memory in cherished reverence. Today it is most urgent to see and recognize that all three men met their undoings and their end through direct betrayal, and, in the latter two cases, murder at the hands of those close around them. This seems to be the traditional and predictable fate for those who openly, consciously strive for greatness - who willingly give all of themselves in the name of others. But never will I be convinced that this is the way it HAS to be!

9.5

Call it revolution, Helter Skelter, or whatever you want. It is WAR between Life and Death forces and war means killing.

The key, as Commander Rockwell said, is that it still remains a one-sided war with the only blows landing being those of the Enemy. You read of it each day. WE - the Whites - are fair game whether it be our minds, our souls, our spirits, our culture, our country or our very blood that is being attacked and destroyed. To the media that is only par for the course. But let OUR SIDE make an attack and you know the results! If you could mount a successful attack yourself would you do it? Would you condone it by others? Do you really KNOW who your enemies are? Do you KNOW what is happening and what is at stake? If there is ever to come a genuine Movement then it will only come about through people who have gotten their thinking straight, for, without the right thought, nothing of any value can hope to follow...

In cases of revolution, or national liberation, direct action alone merits the highest respect. Those out front, putting themselves on the line and taking the action, as Tommasi wrote, are in fact the real LEADERS and are at the top level of the struggle. All else pales to insignificance...

I do know that with the death of Hitler and the loss of the Second World War the situation was transformed to the point where something very much like "Helter Skelter" most probably already is and shall more and more become the order of the day.

9.9

Even as Commander Rockwell was saying twenty years ago, classic notions of "Left" and "Right" were becoming then, and certainly are by now, obsolete and meaningless. To place this into perspective, by referring to "Left" and "Right", one only expands the context of - while remaining on the same plane as - those extremely foolish ones who still think in terms of party politics. Democrat vs. Republican, Liberal vs. Conservative. The point being that these terms are all equally SYSTEM TERMS, because in reality, at the

core of their set programs, they each support the System and are a part of it.

What has been missing up till now has been a clean dividing line, an actual breaking point where all pretenses of working within the System, by its rules, were dropped once and for all. In short, a complete break with time past.

As has been said earlier in SIEGE, those who control the System, by having ultimately succeeded in effecting TOTAL CONTROL over every official, recognized aspect of society, business, government, media, etc., have LOST CONTROL over the course of events through having done away with competent, legitimate opposition that could conceivably step in and take over in an orderly manner (as Hitler's NSDAP did in 1933). An incredibly dangerous, explosive situation this is, for it's becoming clearer each day that those in "control" and their minions are losing the ability to hold the pieces together, yet there is no relief, there are no answers forthcoming from any "reputable" direction. This, of course, spells TOTAL COLLAPSE, TOTAL ANARCHY, TOTAL DESTRUCTION. And it shall mean that any babbling about Conservative "a little less of this" or Liberal "a little more of that" will one day be rewarded with a bullet.

When the mess collapses the obvious will become clear: there is only one correct way of handling elemental human problems - not by further compromise - but through Universal Order. Rather than viewing the world and its affairs from an artificially created vantage point of any outmoded political philosophy, it will be a matter of dealing directly with reality from any point where one finds oneself at that moment. Universal Order means reality applied to NOW.

9.11

Universal Order does not seek to "indoctrinate" or make people over, it seeks to FREE them. While the rest of the political groups both Left and Right attempt to inject their own brand of dogma over top of Establishment distortions. Universal Order would ERASE those primary distortions and let the person BE HIMSELF... Once a person has been released from the alien and false, unnatural conditioning from birth by a commercial, materialistic and repressive Establishment, then THAT can never be undone. It might even be called "brainwashing" as opposed to the System's "brain-dirtying"... We want whole people, real people who can see, think and act independently, free of any artificial, phony input which must be, by definition, a concoction by, of and for the past. And these are the ONLY kind of people that can ever make a true Movement.

9.12

Manson had the right idea about Family. It involved people of the same Race, the same Spirit, coming together for mutual security. Most may have turned their backs on their "real" families in order to have found the one, true Family... Hand-in-hand with revolution, with survival, is the elemental component of the Family. It is really the only way the System can be destroyed, really the only way we can survive. TRIBES of White Warriors, bands of White Men with their Women and Children who have drawn together and then pulled away from the System to allow it to fall without taking them with it.

The only insurance we've got against being picked off one-by-one, being atomized and casually victimized by the System's Pigs is to STICK TOGETHER... in hundreds of thousands of locations across the country... It's not to be done for fun or for caprice, but for LIFE or DEATH.

9.15

YOUTH is the name to be applied to the group of people among whom you will find a majority of those who DEMAND RESULTS... Manson explains that the older a person becomes, the more frozen they are in the programmed ways the System has inculcated them with... Nowadays, and for quite awhile now, people have begun to march to the grave very, very early. The death wish the System implants practically at birth just grows and grows with the passage of time. The most adept social and political movers of all times have known that, in order to have a successful movement, you must get 'em while they are YOUNG!...

Youth today is in a mess. Can they be blamed? Their cowardly, hypocritical elders on the one hand having abandoned them over to the care of Big Brother who has done probably the most monumental mass brainwash of any time on them by, first, omitting, eliminating or ridiculing anything of worth in their heritage and then, second, by telling them they're as good as niggers and by filling the vacuum already created with their own brand of insanity. However, as thorough going as the job the Jews have done is, people are still looking – they're still hungry for SOMETHING that rings true and worthwhile. It is Youth that has the most to lose, that has traditionally been the most idealistic and action-minded.

9.17

As George Lincoln Rockwell - another martyr for the Truth - said in his writings: anyone so conceited and foolish as to be determined to flaunt Nature's Laws (Truth) may do so but only for a limited period of time. He cannot go on doing so indefinitely. A man determined to flaunt, for example, the Law of Gravity may dive off of the top of the Empire State Building and, for awhile, seem to be actually getting away with it. But then he

reaches the ground (Reality) and is judged very harshly. So it is and so it will be with the people of the world. The spirit of liberalism, let alone the hand of Big Brother, cannot refrain from flirting with catastrophe - economic, social, environmental, racial - and the ultimate answer to all this gets closer each day.

What do you do with one insistent upon leaping to their death, or with those who will not hear the Truth but who will go far out of their way to PERSECUTE it? If they won't have it, if they choose to attack it, then the best thing you can do is SAVE YOURSELF... Just as with the sinking of a great ocean liner, getting over the rail isn't enough; one must swim hard and fast to put sufficient distance between himself and the sinking ship or else be sucked under by it. So much for urban survivalists.

9.21

In Manson's Family the ratio of women to men stood at about five-to-one. Women, then, were Manson's best troop. To go back in time and to change in location, it was women, by their majority, who elected Hitler to power in Germany...

Hitler, Rockwell, Tommasi and certainly Manson exerted a strong, almost animal, attraction over women and gloried in their company. This quality goes hand-in-hand with the dynamism necessary to MAKE A MOVEMENT. Sterility and impotence remain just that. Women make the most excellent fanatics but they have to be properly motivated and LED. There is something very wrong with any organization that doesn't have its share of women. What is called for today is a strong Movement - normal and natural - to do the job, and not anything weird or introverted. Once the correct balance is struck for attracting women, the rest won't be far behind.

9.25

To be able to understand the meaning of revolution in these times demands a rethinking of the concept of family. The kind of family we're talking about here bears no resemblance to the so-called "family" as it is known to and among the Pigs of the System; the entity they constantly cry about being torn apart when, in fact, it had long since become nothing more than an evil farce... The new and true concept of Family is so revolutionary in these times as to become interchangeable with revolution itself. If the machinations of the Jew and liberal have caused a terminal cancer in this society, then it is up to those who wish to survive to produce a new nucleus: the Family.

It means people (and need I throw in 'White People'?) living and working closely together, in harmony and in communion. Not calling it off at a certain hour or on a certain day and returning home or back to "the job". This concept of Family is total. It of course begins with a man-woman relationship and grows outward, immediately following with children.

Men and women of good race who are compatible are all that is necessary. The will to live and to survive is the bond. No idiotic notions of "fun", "romance", "tradition", "security" or anything else can ever enter in. The realization that we CANNOT survive this alone, any of us, must govern all our thoughts and actions. The best security is the awareness and the preparedness for the tooth and nail struggle that is upon us plus the grim determination to SURVIVE at all costs. There'll be plenty of fun and romance connected with the fight itself. Each day brings another victory; each hit - large or small - carried off against the System represents another vindication. This calls for men and women with their eyes open, cold and sober, yet full of life. These types are getting scarcer each generation.

It can mean living underground but it will more commonly mean living in a state of gradually moving further toward the underground. Holding off

Big Brother where possible; ripping off Big Brother where possible. Dropping out of the slave market first; working toward dropping out of the System entirely. Discarding the dead and false values and morality of the rest of the slaves and doing only what you have to do in order to survive. It means raising a generation of children who are conscious of their Race and conscious of the evil that dominates the mainstream of life. It means giving these children true values and real purpose, the things they will NEED when the full-scale war takes place about the time they are reaching adulthood.

The best long-range goal this strategy can have is our successfully existing, not as atoms, but as effective UNITS, then tribes, communities and finally again as a NATION! This biological bond must live and build, it must SURVIVE while all forms of "System" and "Government" are diminished and blasted away.

9.26

A real family unit to withstand the shocks and stresses of life in the heart and belly of the Beast System will require large measures of intelligence, cooperation, resourcefulness, guts, discipline, plan and purpose... When we start off at ground level, with nothing but ourselves, we'll quickly latch onto what's real and learn to automatically reject what isn't...

Sink or swim; and those who do swim will soon become Olympians at it and, at the same time, damned good and deadly REVOLUTIONARIES... then the offspring will see it as the only way to the future...

An ideology of SURVIVAL AT ALL COSTS amidst a poisonous and decaying environment can only evolve over a period of time, after great test... This is the actual melding of the George Lincoln Rockwell Idea and the Charles Manson Idea – RACIALLY AND POLITICALLY CONSCIOUS FAMILY. Militant, White Family - or families - bonded together by an

evolving, revolutionary ideology. Not only is this our only chance for survival, it is our guarantee of victory because nothing can withstand it.

Now is the time to begin.

9.28

You do what you have to do at all times. You do what you want to do whenever you are able. It is expected that these things will run you into difficulties, and not just on rare occasions, if your tastes have no place in the run-of-the-mill. But you proceed in spite because to do otherwise is to voluntarily hem yourself in and stifle the raw, revolutionary spirit within yourself that demands freedom to develop to its fullest potential. As Nietzsche would say, you are out on a rope... the rope stretches between the Superman and the animal. There can be no going back and, beyond that, the rope stretches over an abyss. You keep going forward or you die in the attempt.

This has to do with your preventing, at all costs, your dying in the attempt.

When beliefs, convictions or lifestyles run you into direct conflict with personalities or agencies representing the System, there must never be any question: it is YOU who must prevail. Perhaps their laws have been violated, their moral code stepped on. It matters not. You cannot allow yourself to be stopped or undone, for any reason. Whether the conflict involves a known adversary such as the System itself, whether it involves perfect strangers or whether it involves friends, loved ones or even blood relatives, the situation remains unaltered: it is YOU who must say or do whatever has to be said or done in order to win, to survive, to prevail.

As Hitler once said, "You must close your hearts to pity." Many times this is easier done on a grand scale than on an individual scale. But it must be done nonetheless. Simply visualize yourself in the position of the vanquished and try to imagine the "pity" you'd receive. Let there be no

backpedaling once an issue is struck, no attempt at "explanation", no equivocation, no compromise, no remorse. Only see to it that you, as representative of the Cause, win out. Regardless who gets hurt.

9.29

That which passes as "government" is a Frankenstein experiment with millions of hapless unaware souls as guinea pigs. Liberal, egalitarian and democratic theories which have no basis in fact or reality but which, by order of the decree of a handful of insane minds, shall be made to run their course, backed up by the System's billions of dollars (not to mention their armies of Pigs) add fuel to the flames of further disintegration.

This carries all of the laws, all of the institutions, all of the traditions, all of which were held sacred by our people for the past thousand or more years, right down with it. Law and order is a thing devised by a people, and then made the responsibility of the government, for the furtherance and protection of that people. But in the present case, as any well-versed Right Winger can tell you at great length, aliens have long since infiltrated, ruined and spoiled it all. They have so twisted and perverted the meaning as a means toward their take-over that none of it is any longer salvageable. It all has the stench and taint of Death upon it. We as a people must start anew.

We must reform everything on our own if we are to survive.

Our position is lonely and unenviable. We live at a time in history when the civilization around us is rapidly collapsing. To be accurate, it has already died, it died when its moral decay together with its infiltration by hostile aliens rendered it hollow and meaningless, counter to the interests of the very people who first made it. To be perfectly accurate, it has been in a state of decomposition now for about twenty or thirty years as it is

impossible to put a finger on the exact time the final flicker of life passed out of it.

Our position is not one where we can expect at any time in the near future to destroy them but rather to AVOID them and thus prevent them from destroying us. No conventional organizations of revolution or counter-revolution are possible here today. As veterans of this struggle are aware, this is not because of any sudden, lost war or classic-style coup d'etat. Rather, it is because of such supremely insidious things as comfort, corruption, mass opinion control, along with the rest of the cancer at the core of this civilization.

It is clear to those not any longer caught up in game-playing as sport or distraction that none of it is worth anything. All of it is garbage. All of it is useless. And when you live by what is useless and what is garbage then you are the pawn and the fool of those in control. For they are under no such illusions. They live for whatever material pleasure - in obscene proportions - that the money they wring from the dumb workers, through the means of their System, can purchase.

To be a man, a person, an individual; to be someone in some degree of control and mastery over their lives, their own destinies and futures, it is necessary that you struggle hard and shed "that which you have been taught" If you are an older person and what you were brought up on had meaning back then, then I assure you that the meaning now lives only in your memory and not in reality. If you are a younger person, then what you have been taught and what you are being taught is pure, uncut lies and poison. In both cases, it is necessary that you start at once to think for yourself if you have the ability and the instincts - not to mention the courage - left to do so.

Life, health, human happiness and future all depend on it. Pull away, draw away from the march of doom. Keep to yourselves. Live by primal,

animal laws. To hell with what others may think or expect. To hell with "opinion". Go forth in your daily life in anonymity in order to do what you have to do to sustain yourself. In your private dealings, never invite the System to invade and attack and thus destroy you. Dig the groundwork for a new world, a new civilization now, today, starting with yourself and those immediately around you.

Above all, do nothing to needlessly immolate yourself and your efforts. This tragedy of all tragedies must not occur and least of all due to the presence within ourselves of any allegiance to rules that no longer apply.

9.30

I've said often enough in the past to FORGET all notions that you, your particular group, or the Movement as a whole is reaching anything remotely approaching the masses with their message. If you can come to terms with that realization, you will begin to think more realistically. When you understand that, then you will know that the time for such things as "parties", "uniforms", anything of an "official" nature with pretenses to actual power, either state or private, is either past or has not yet arrived (take your pick). This does not mean, nor will it ever mean, that we need to or should ever deny our greatest Heroes, just as Commander Rockwell warned against. But just as with everything else in human dealings, there is a correct time, place and METHOD of broaching any subject, especially any highly profound or sensitive subject.

People get to know ME first. While they're getting to know me, they're getting to know Hitler and National Socialism because I am inseparable from these and do nothing to try and hide any of it. It's just that I don't wear any of it on my sleeve... As Dr. William Pierce once pointed out to the Movement in one of his publications, we each should think of ourselves and conduct ourselves as though we were AMBASSADORS OF OUR RACE and, I

would add, as ambassadors of our Movement - not as "fanatics" and not as high-pressure salesmen. This ties directly with personal loyalties when thinking in terms of building up local cells. But people and personalities first, all other considerations later.

If you DON'T do this, then I positively guarantee you fail -
ure and misery.

Take care of yourself first, get your own thinking and lifestyle squared away before trying to tackle anyone else's (or the world's). Get yourself together before ever attempting to lead others or accepting that kind of responsibility. Otherwise, you could be inviting a hurricane down on your head. Build on a foundation, not several feet off the ground, up in thin air like the majority. Make yourself and your lifestyle, your surroundings and even the people closest around you reflect things the way our Idea calls for. Then people will get to know you and, as in the case around here, when they comment on Hitler (or Manson, for that matter) their words will be to the effect, "And I thought Hitler was supposed to be so 'terrible'." Don't play it stupid and reinforce the Jewish/System lies about the Greatest Man To Have Ever Lived. Lead the kind of life He would want you to be living under today's circumstances - as carefully outlined and demonstrated by Manson - and utterly destroy all the lies and untruth...

The paramount importance of balance is reflected in the Universal Order symbol, suggested by Manson himself. In a word, the problem in the world is that it is badly out of balance. Apply it to the three percent of Jews running the show over the rest or apply it to anything else and it boils down the same way. But that is language that doesn't throw up mental barricades or trigger Enemy brainwashing conditioning, etc.. Plus it is broad enough to take it all in and represent something legitimately IDEOLOGICAL rather than PERIPHERAL, such as traditional antisemitism or Radical Right Wingism.

Get yourself into balance first - that's a large enough task. The rest will come easier. A people in balance and harmony just aren't susceptible to things like miscegenation or illnesses of liberalism or democracy. Right now, they're going in mad search of what's missing and are going in the opposite extreme of imbalance trying to find it vainly. How the Jews do roar with laughter! Aren't any of you in the least bit motivated - or capable - of wiping that smirk off the Jews' face?

Open your minds.

9.31

I grew up with the saying, "Never argue with fools or drunks." Joseph Tommasi said words to the effect, "The weapon of criticism will never equal the criticism of weapons... we prefer a paralyzed Enemy to a well-criticized one." He also said that we would never make our most eloquent statements in courtrooms, etc., but in the streets of scum-ridden America. Very basically, it remains a call to action, as great and effective a propagandist as Commander Rockwell was, the same call to action that he himself never tired of repeating. Beyond that, you'll never talk anybody out of anything. Not really, not anything of value. (And the Enemy values his power while the rest of the System Clones - big and little - value their little corners and dung-heap pieces of that same action which they are kindly granted so long as they think, say or do nothing to rock the boat.)...

Ignorance is something I really have no tolerance for and that goes double when it is wrapped in a thick coating of conceit. It turns out most of the time when dealing with these people nowadays that whatever label they may attach to their "personal beliefs" - ranging from "Christianity" to "democracy", etc. - IGNORANCE is the proper name for it all. And even the Bible cautioned against "casting pearls before swine". They are in the business of scratching out a living. I am in the business of politics and

revolution. Do I argue with them? They're going to be doing exactly what they are now regardless who or what is in power, and that is eking it out.

One of the magical formulas of that "black magician", Charles Manson, calls for dealing a positive death-blow to any and all forms of bullshit by letting it DIE WHERE IT FALLS. By not keeping it alive or amplifying it through stepping in and batting it back and forth as though it has some seriousness, meaning or worth to it. By letting it die as it falls out of the mouth of the sayer or as soon as the page it has been printed on hits the air. Let it DIE! Let it die and go on about what it is you are doing.

9.32

One of the biggest dividers between classifications of human stuff - and the quality thereof - is found in their ability to, first, know themselves; second, accept themselves; and finally, to be able to DO SOMETHING with it or about it in an INTELLIGENT WAY. There is no such thing as a freeman who is not in touch with himself. And the self is the animal. No one has got his feet on the ground if he is not tuned into himself, if he cannot or will not use his brain, allow his brain to accept and articulate his animal instincts. Most have been taught - and have accepted the teaching - to use their own brain to repress themselves and to conform to some artificial, alien set of moral codes and expected behavior.

A slave is one who is not even honest with himself. A revolutionary - albeit a repressed revolutionary who is aware of a hostile environment - has established a working rapport with himself, between his instincts and his intellect. A citizen of a healthy society is one who can go about in complete openness, total harmony and honesty among his fellows, and, as anyone can see, we are far removed from anything resembling that idea. A healthy society would, among other things, be free from alcoholism, drugism, pornography, suicide and all other forms of artificial 'hype' and escapism...

Fears and hang-ups only come in when there is no communication within oneself. Fears are just black spots, or holes, in a dark area of the mind where certain "teachings" are kept because animals, not having an "intellect" to speak of, are well-known nonetheless for their capacity for being "trained". Humans, through the use of their rational intellect, should be able to unravel and throw off any such "teaching" as is found to be of an alien, hurtful nature and free the instinct so that it may run true.

Anton Szandor LaVey once pointed out that never shall the minds of those be terrorized who know and believe in what is best for them. To me, a spooky, easily frightened, shaky, reluctant, flaky person is the saddest, most disgusting thing around. Just like looking at an animal with its tail tucked between its legs and shivering at the mere thought of its master's rolled-up newspaper. Most people today are just like this. They are not worthy of liberty because, not only can't they handle it - they haven't got the guts to take it and hold it. Give me the type of individual who will take "Master's" fucking leg off or, to borrow from Commander Rockwell's simile of the horse and the leader, stomp his brains out.

Persons not honest with themselves can't be honest with you, and vice versa. You can't trust them. You can't deal with them. A person who can't, in their own brain, examine and pick apart contemporary convention, retain or discard those parts which may or may not be useful or advantageous to him, or if need be, create new rules of his own as he goes along, is definitely not material for the future. So what if this or that is universally cursed or condemned? Does it benefit you, further your Cause or other - wise make your life more pleasant? The rule book is coated with thick, flaking mildew and it is common knowledge that the Pig System will gleefully crack down on anything which moves and steps outside Master's Rules. So what? Use your intellect and your instinct to make your own, new

rules. Use your skill and your cunning to circumvent the System and the Pigs at every step.

A person 100% in touch with himself is largely free of fear. He is inwardly reinforced...

The kind who displays no sense at all about what he does, WE want to stay strictly away from for our own safety. But the kind of individual who is AWARE that all set rules are trash; who is AWARE that opinion and "law enforcement" are merely pitfalls to be prudently avoided - certainly not "respected" - and who has the maturity and inner-strength to blaze his own path and make his own morality is unquestionably the kind of person we seek (or else should be seeking to BECOME).

The System is so vast, so complex, so inhuman, that sporadic, isolated assaults against it do less harm to it actually than a far-flung community of committed revolutionists living and functioning as an entity unto themselves. The real attack is a fully aware individual in this day and age who LIVES his deepest convictions, actually puts them to work! What an attack! In the face of what could be a dictionary definition of hopelessness, individuals grimly and quietly working against it, for themselves, despite all. To "drop out" of it and go on managing for yourself and for its destruction, QUIETLY, year after year, decade after decade, SUCCESSFULLY, UNMOLESTED... what a victory! And then to have gotten in your real jobs, to have drawn real blood besides., no one can ask more than that under these circumstances.

Aside from being ready for death at any time, such a life's conduct will allow one to be able to accept and cheerfully write off any tactical losses or set-backs that will inevitably arise in due course.

To play against impossible odds and to keep accounts in your favor is the victory.

There are but two separate choices as regards strategies and courses of action for any who consider themselves members of the Movement: TOTAL ATTACK or TOTAL DROP-OUT. These are the opposite ends of the revolutionary spectrum. While the former is the more blazing and heroic, it is the latter, by far, that I favor and would urge all comrades to adopt. I favor the latter as the only sane and realistic choice.

Charles Manson was and is the master of this philosophy. We're talking about survival versus suicide. Manson would tell us that suicide is the lot of the System. Let ours be survival. Never forget that violent revolution may come as a result of a policy of total drop-out, if it is carried out effectively. But should violent revolution come and find us not already highly adept drop-outs, then it will spell our own deaths as well.

Next, if you cannot make a revolution in your own mind, in your daily life and habits, then you certainly cannot do it in any other way...

Some people are born without arms or legs, etc.. I was born without any COMPUNCTIONS. If it feels good, DO IT! If it gets you where you want to go, USE IT! And by the same token, if it's counter-productive, DROP IT!

You must drop out of and away from the System. Mentally, spiritually, physically, economically. Since I do not advocate becoming hermits living in caves, but do strongly advocate living WELL, then it amounts to a matter of short-circuiting your relationship with the System: a highly disproportionate amount of it coming YOUR way; only very grudgingly give anything to the System except in the cases of outright, naked and inescapable blood money

(certain kinds of taxes, etc.) and only then in the silent and satisfying knowledge that you'll be retaking that plus some more over the near future. One step backward and two steps forward. Remember, in all of your unavoidable "intercourses" with the System, make sure that you are the "er" and not the "ee"...

NEVER take anything seriously at all other than that which threatens to directly, materially, affect YOU! And that cuts out so very much and clears away so much time, thought and resources with which to be ready to keep the wolves away from the door. Their phony garbage: elections, world affairs, economy, education, crime - the lot of it. Pull away from it all and LET IT GO TO HELL!

Start now getting ready to survive the demise of the System. You may actually be CONTRIBUTING to that demise! Begin breaking away gradually but on a steady program. CALL NO ATTENTION TO YOURSELF! Say nothing. Just act.
